Independent Auditor's Report Translated from Chinese

To Taiwan Glass Industrial Corporation

Opinion

We have audited the accompanying consolidated balance sheets of Taiwan Glass Industrial Corporation (the "Company") and its subsidiaries as of December 31, 2021 and 2020, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2021 and 2020, and notes to the consolidated financial statements, including the summary of significant accounting policies (collectively "the consolidated financial statements").

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries as of December 31, 2021 and 2020, and their consolidated financial performance and cash flows for the years ended December 31, 2021 and 2020, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants, and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the "Norm"), and we have fulfilled our other ethical responsibilities in accordance with the Norm. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2021 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Inventories

As of December 31, 2021, the Company and its subsidiaries net inventories amounted to NT\$10,297,779 thousand, which is relatively material for the consolidated financial statements. The Company and its subsidiaries are engaged in the manufacturing, processing and sale of various glasses which have a wide range of applications in various sectors such as construction, electronics and consumer products industries. Considering the fact that identification of slow-moving inventories and the assessment of the amount of inventory write-downs require significant management judgement based on market demands, we therefore determined this a key audit matter.

Our audit procedures included, but not limited to, assessing the appropriateness of the accounting policies of evaluating slow-moving and obsolete inventories, including analyzing slow-moving inventory allowance ratio and the net realizable value adopted; understanding and testing the internal controls established by management with respect to the valuation of inventories, including the calculation of net realizable value; sample testing the accuracy of the net realizable values used by management; vouching samples against related certificates to verify accuracy of inventory aging.

We also assessed the adequacy of disclosures of inventories. Please refer to Notes 4, 5 and 6 to the Company's consolidated financial statements.

Revenue Recognition

Operating revenues recognized by the Company and its subsidiaries amounted to NT\$56,065,737 thousand for the year ended December 31, 2021. Reflecting different market demands, trade terms of different contracts varied, along with the fact that some of the sales orders included delivery services, management needed to review the sales orders or contracts to determine the performance obligations and the time of their satisfaction, there is a significant risk in revenue recognition. Therefore, we considered this a key audit matter.

Our audit procedures included, but not limited to, assessing the appropriateness of the accounting policy of revenue recognition; evaluating and testing the operating effectiveness of internal controls with respect to revenue recognition; selecting samples to perform tests of details and reviewing related transaction certificates and the significant terms and conditions of contracts to verify the accuracy of the timing of performance obligation satisfaction; confirming significant account receivable balance by sending confirmation letters; selecting samples of transactions from either side of balance sheet date, vouching samples against related certificates and reviewing significant subsequent sales return or discounts transactions to ensure revenue was recognized at appropriates timing.

We also assessed the adequacy of disclosures of operating revenues. Please refer to Notes 4 and 6 to the Company's consolidated financial statements.

Other Matter

We have audited and expressed an unqualified opinion on the parent company only financial statements of the Company as of and for the years ended December 31, 2021 and 2020.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, interpretations developed by the International Financial Reporting Interpretations Committee or the former Standing Interpretations Committee as endorsed by Financial Supervisory Commission of the Republic of China and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability to continue as a going concern of the Company and its subsidiaries, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and its subsidiaries or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the financial reporting process of the Company and its subsidiaries.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and its subsidiaries.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company and its subsidiaries. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its subsidiaries to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the accompanying notes, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its subsidiaries to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2021 consolidated financial statements and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Hsiao, Tsui-Hui

Fuh, Wen-Fang

Ernst & Young, Taiwan March 7, 2022

Notice to Readers

The accompanying consolidated financial statements are intended only to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

Accordingly, the accompanying consolidated financial statements and report of independent accountants are not intended for use by those who are not informed about the accounting principles or auditing standards generally accepted in the Republic of China, and their applications in practice. As the financial statements are the responsibility of the management, Ernst & Young cannot accept any liability for the use of, or reliance on, the English translation or for any errors or misunderstandings that may derive from the translation.

English Translation of Consolidated Financial Statements Originally Issued in Chinese TAIWAN GLASS INDUSTRIAL CORPORATION AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the Years Ended December 31, 2021 and 2020 (Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

1. History and organization

Taiwan Glass Industrial Corporation ("the Company") was incorporated on September 5, 1964 and commenced operations in 1967. The main activities of the Company are manufacturing, processing and selling of various glass products. The Company's common shares were publicly listed on the Taiwan Stock Exchange (TWSE) in July 1973. The Company's registered office and the main business location is at 11F, No. 261, Section 3, Nanjing E. Rd., Taipei, Republic of China (R.O.C.).

2. Date and procedures of authorization of financial statements for issue

The consolidated financial statements of the Company and its subsidiaries ("the Group") for the years ended December 31, 2021 and 2020 were authorized for issue by the Board of Directors on March 7, 2022.

- 3. <u>Newly issued or revised standards and interpretations</u>
 - (1) Changes in accounting policies resulting from applying for the first time certain standards and amendments

The Group applied for the first time International Financial Reporting Standards, International Accounting Standards, and Interpretations issued, revised or amended which are recognized by Financial Supervisory Commission ("FSC") and become effective for annual periods beginning on or after January 1, 2021. Apart from the nature and impact of the new standard and amendment is described below, the remaining new standards and amendments had no material impact on the Group.

(2) Standards or interpretations issued, revised or amended, by International Accounting Standards Board ("IASB") which are endorsed by FSC, but not yet adopted by the Company as at the end of the reporting period are listed below.

| Items | New, Revised or Amended Standards and Interpretations | Effective Date issued by IASB |
|-------|--|-------------------------------|
| a | Narrow-scope amendments of IFRS, including Amendments to | January 1, 2021 |
| | IFRS 3, Amendments to IAS 16, Amendments to IAS 37 and | |
| | the Annual Improvements | |

- (a) Narrow-scope amendments of IFRS, including Amendments to IFRS 3, Amendments to IAS 16, Amendments to IAS 37 and the Annual Improvements
 - A. Updating a Reference to the Conceptual Framework (Amendments to IFRS 3) The amendments updated IFRS 3 by replacing a reference to an old version of the Conceptual Framework for Financial Reporting with a reference to the latest version, which was issued in March 2018. The amendments also added an exception to the recognition principle of IFRS 3 to avoid the issue of potential "day 2" gains or losses
 - arising from liabilities and contingent liabilities. In addition, the amendments clarify existing guidance in IFRS 3 for contingent assets that would not be affected by replacing the reference to the Conceptual Framework.
 - B. Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16)

The amendments prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss.

- C. Onerous Contracts Cost of Fulfilling a Contract (Amendments to IAS 37) The amendments clarify what costs a company should include as the cost of fulfilling a contract when assessing whether a contract is onerous.
- D. Annual Improvements to IFRS Standards 2018 2020

Amendment to IFRS 1

The amendment simplifies the application of IFRS 1 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences.

Amendment to IFRS 9 Financial Instruments

The amendment clarifies the fees a company includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability.

Amendment to Illustrative Examples Accompanying IFRS 16 Leases

The amendment to Illustrative Example 13 accompanying IFRS 16 modifies the treatment of lease incentives relating to lessee's leasehold improvements.

Amendment to IAS 41

The amendment removes a requirement to exclude cash flows from taxation when measuring fair value thereby aligning the fair value measurement requirements in IAS 41 with those in other IFRS Standards.

The abovementioned standards and interpretations were issued by IASB and endorsed by FSC so that they are applicable for annual periods beginning on or after 1 January 2022. The remaining standards and interpretations have no material impact on the Group.

(3) Standards or interpretations issued, revised or amended, by IASB which are not endorsed by FSC, and not yet adopted by the Group as at the end of the reporting period are listed below.

| Items | New, Revised or Amended Standards and Interpretations | Effective Date issued by IASB |
|-------|---|----------------------------------|
| a | IFRS 10 "Consolidated Financial Statements" and IAS 28 "Investments in | To be determined by |
| | Associates and Joint Ventures" — Sale or Contribution of Assets between | IASB |
| | an Investor and its Associate or Joint Ventures | |
| b | IFRS 17 "Insurance Contracts" | 1 January 2023 |
| c | Classification of Liabilities as Current or Non-current – Amendments to IAS | 1 January 2023 |
| | 1 | |
| d | Disclosure Initiative - Accounting Policies - Amendments to IAS 1 | 1 January 2023 |
| e | Definition of Accounting Estimates – Amendments to IAS 8 | 1 January 2023 |
| f | Deferred Tax related to Assets and Liabilities arising from a Single | 1 January 2023 |
| | Transaction – Amendments to IAS 12 | |

(a) IFRS 10"Consolidated Financial Statements" and IAS 28"Investments in Associates and Joint Ventures" — Sale or Contribution of Assets between an Investor and its Associate or Joint Ventures

The amendments address the inconsistency between the requirements in IFRS 10 *Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures*, in dealing with the loss of control of a subsidiary that is contributed to an associate or a joint venture. IAS 28 restricts gains and losses arising from contributions of non-monetary assets to an associate or a joint venture to the extent of the interest attributable to the other equity holders in the associate or joint ventures. IFRS 10 requires full profit or loss recognition on the loss of control of the subsidiary. IAS 28 was amended so that the gain or loss resulting from the sale or contribution of assets that constitute a business as defined in IFRS 3 between an investor and its associate or joint venture is recognized in full.

IFRS 10 was also amended so that the gains or loss resulting from the sale or contribution of a subsidiary that does not constitute a business as defined in IFRS 3 between an investor and its associate or joint venture is recognized only to the extent of the unrelated investors' interests in the associate or joint venture.

(b) IFRS 17 "Insurance Contracts"

IFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects (including recognition, measurement, presentation and disclosure requirements). The core of IFRS 17 is the General (building block) Model, under this model, on initial recognition, an entity shall measure a group of insurance contracts at the total of the fulfilment cash flows and the contractual service margin. The carrying amount of a group of insurance contracts at the end of each reporting period shall be the sum of the liability for remaining coverage and the liability for incurred claims.

Other than the General Model, the standard also provides a specific adaptation for contracts with direct participation features (the Variable Fee Approach) and a simplified approach (Premium Allocation Approach) mainly for short-duration contracts.

IFRS 17 was issued in May 2017 and it was amended in 2020 and 2021. The amendments include deferral of the date of initial application of IFRS 17 by two years to annual beginning on or after 1 January 2023 (from the original effective date of 1 January 2021); provide additional transition reliefs; simplify some requirements to reduce the costs of applying IFRS 17 and revise some requirements to make the results easier to explain. IFRS 17 replaces an interim Standard – IFRS 4 Insurance Contracts – from annual reporting periods beginning on or after 1 January 2023.

(c) Classification of Liabilities as Current or Non-current – Amendments to IAS 1

These are the amendments to paragraphs 69-76 of IAS 1 Presentation of Financial statements and the amended paragraphs related to the classification of liabilities as current or non-current.

(d) Disclosure Initiative - Accounting Policies - Amendments to IAS 1

The amendments improve accounting policy disclosures that to provide more useful information to investors and other primary users of the financial statements.

(e) Definition of Accounting Estimates – Amendments to IAS 8

The amendments introduce the definition of accounting estimates and included other amendments to IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors to help companies distinguish changes in accounting estimates from changes in accounting policies.

(f) Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to IAS 12

The amendments narrow the scope of the recognition exemption in paragraphs 15 and 24 of IAS 12 so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences.

The abovementioned standards and interpretations issued by IASB have not yet endorsed by FSC at the date when the Group's financial statements were authorized for issue, the local effective dates are to be determined by FSC. As the Group is still currently determining the potential impact of the standards and interpretations listed under a, c, d, e, and f, it is not practicable to estimate their impact on the Group at this point in time. The remaining new or amended standards and interpretations have no material impact on the Group.

4. Summary of significant accounting policies

(1) <u>Statement of compliance</u>

The consolidated financial statements of the Group for the years ended December 31, 2021 and 2020 have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers ("the Regulations"), IFRSs, IASs, IFRIC and SIC, which are endorsed by the FSC.

(2) Basis of preparation

The consolidated financial statements have been prepared on a historical cost basis, except for financial instruments that have been measured at fair value. The consolidated financial statements are expressed in thousands of New Taiwan Dollars ("NT\$") unless otherwise stated.

(3) Basis of consolidation

Preparation principle of consolidated financial statements

Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- A. power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- B. exposure, or rights, to variable returns from its involvement with the investee, and
- C. the ability to use its power over the investee to affect its returns

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- A. the contractual arrangement with the other vote holders of the investee
- B. rights arising from other contractual arrangements
- C. the Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Subsidiaries are fully consolidated from the acquisition date, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using uniform accounting policies. All intra-group balances, income and expenses, unrealized gains and losses and dividends resulting from intra-group transactions are eliminated in full.

A change in the ownership interest of a subsidiary, without a change of control, is accounted for as an equity transaction.

Total comprehensive income of the subsidiaries is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

If the Group loses control of a subsidiary, it:

- A. derecognizes the assets (including goodwill) and liabilities of the subsidiary;
- B. derecognizes the carrying amount of any non-controlling interest;
- C. recognizes the fair value of the consideration received;
- D. recognizes the fair value of any investment retained;

- E. recognizes any surplus or deficit in profit or loss; and
- F. reclassifies the parent's share of components previously recognized in other comprehensive income to profit or loss.

The consolidated entities are listed as follows:

- Note1: Due to the restructuring of the Group's investment structure, TG Fengyang Silica Sand Co., Ltd. was directly invested by TG Fengyang Holding Co., Ltd. on June 1, 2021. Taiwan Glass China Holding Ltd. disposed of the equity interest in TG Fengyang Holding Co., Ltd. on October 15, 2021, and indirectly transferred TG Fengyang Silica Sand Co., Ltd. The Group lost control of TG Fengyang Silica Sand Co., Ltd. accordingly.
- Note2: Due to the restructuring of the Group's investment structure, TG Fujian Photovoltaic Glass Co., Ltd. was directly invested by TG Donghai Glass Co., Ltd. on October 29, 2021.

(4) Foreign currency transactions

The Group's consolidated financial statements are presented in NT dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

Transactions in foreign currencies are initially recorded by the Group entities at their respective functional currency rates prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency closing rate of exchange ruling at the reporting date. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rates of the initial transactions.

All exchange differences arising on the settlement of monetary items or on translating monetary items are taken to profit or loss in the period in which they arise except for the following:

- A. Exchange differences arising from foreign currency borrowings for an acquisition of a qualifying asset to the extent that they are regarded as an adjustment to interest costs are included in the borrowing costs that are eligible for capitalization.
- B. Foreign currency items within the scope of IFRS 9 *Financial Instruments* are accounted for based on the accounting policy for financial instruments.
- C. Exchange differences arising on a monetary item that forms part of a reporting entity's net investment in a foreign operation is recognized initially in other comprehensive income and reclassified from equity to profit or loss on disposal of the net investment.

When a gain or loss on a non-monetary item is recognized in other comprehensive income, any exchange component of that gain or loss is recognized in other comprehensive income. When a gain or loss on a non-monetary item is recognized in profit or loss, any exchange component of that gain or loss is recognized in profit or loss.

(5) Translation of financial statements in foreign currency

The assets and liabilities of foreign operations are translated into NT\$ at the closing rate of exchange prevailing at the reporting date and their income and expenses are translated at an average rate for the period. The exchange differences arising on the translation are recognized in other comprehensive income. On the disposal of a foreign operation, the cumulative amount of the exchange differences relating to that foreign operation, recognized in other comprehensive income and accumulated in the separate component of equity, is reclassified from equity to profit or loss when the gain or loss on disposal is recognized. The following are accounted for as disposals even if an interest in the foreign operation is retained by the Group: the loss of control over a foreign operation, the loss of significant influence over a foreign operation, or the loss of joint control over a foreign operation.

On the partial disposal of a subsidiary that includes a foreign operation that does not result in a loss of control, the proportionate share of the cumulative amount of the exchange differences recognized in other comprehensive income is re-attributed to the non-controlling interests in that foreign operation. In partial disposal of an associate or jointly controlled entity that includes a foreign operation that does not result in a loss of significant influence or joint control, only the proportionate share of the cumulative amount of the exchange differences recognized in other comprehensive income is reclassified to profit or loss.

Any goodwill and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and expressed in its functional currency.

(6) Current and non-current distinction

An asset is classified as current when:

- A. The Group expects to realize the asset, or intends to sell or consume it, in its normal operating cycle;
- B. The Group holds the asset primarily for the purpose of trading;
- C. The Group expects to realize the asset within twelve months after the reporting period, or
- D. The asset is cash or cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.
- A liability is classified as current when:
- A. The Group expects to settle the liability in its normal operating cycle;
- B. The Group holds the liability primarily for the purpose of trading;
- C. The liability is due to be settled within twelve months after the reporting period, or
- D. The Group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

(7) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and subject to an insignificant risk of changes in value (include fixed-term deposits that have maturities of 3 months from the date of acquisition).

(8) Financial instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities within the scope of IFRS 9 *Financial Instruments* are recognized initially at fair value plus or minus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs.

A. Financial instruments: Recognition and Measurement

The Group accounts for regular way purchase or sales of financial assets on the trade date.

The Group classified financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss considering both factors below:

- a. the Group's business model for managing the financial assets and
- b. the contractual cash flow characteristics of the financial asset.

Financial asset measured at amortized cost

A financial asset is measured at amortized cost if both of the following conditions are met and presented as note receivables, accounts receivables, financial assets measured at amortized cost and other receivables etc., on balance sheet as at the reporting date:

- a. the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b. the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are subsequently measured at amortized cost (the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initial amount and the maturity amount and adjusted for any loss allowance) and is not part of a hedging relationship. A gain or loss is recognized in profit or loss when the financial asset is derecognized, through the amortization process or in order to recognize the impairment gains or losses.

Interest revenue is calculated by using the effective interest method. This is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for:

- a. purchased or originated credit-impaired financial assets. For those financial assets, the Group applies the credit-adjusted effective interest rate to the amortized cost of the financial asset from initial recognition.
- b. financial assets that are not purchased or originated credit-impaired financial assets but subsequently have become credit-impaired financial assets. For those financial assets, the Group applies the effective interest rate to the amortized cost of the financial asset in subsequent reporting periods.

Financial asset measured at fair value through other comprehensive income

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- a. the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- b. the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Recognition of gain or loss on a financial asset measured at fair value through other comprehensive income are described as below:

- a. A gain or loss on a financial asset measured at fair value through other comprehensive income recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains and losses, until the financial asset is derecognized or reclassified.
- b. When the financial asset is derecognized the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.
- c. Interest revenue is calculated by using the effective interest method. This is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for:
 - (a) Purchased or originated credit-impaired financial assets. For those financial assets, the Group applies the credit-adjusted effective interest rate to the amortized cost of the financial asset from initial recognition.
 - (b) Financial assets that are not purchased or originated credit-impaired financial assets but subsequently have become credit-impaired financial assets. For those financial assets, the Group applies the effective interest rate to the amortized cost of the financial asset in subsequent reporting periods.

Besides, for certain equity investments within the scope of IFRS 9 that is neither held for trading nor contingent consideration recognized by an acquirer in a business combination to which IFRS 3 applies, the Group made an irrevocable election to present the changes of the fair value in other comprehensive income at initial recognition. Amounts presented in other comprehensive income shall not be subsequently transferred to profit or loss (when disposal of such equity instrument, its cumulated amount included in other components of equity is transferred directly to the retained earnings) and these investments should be presented as financial assets measured at fair value through other comprehensive income on the balance sheet. Dividends on such investment are recognized in profit or loss unless the dividends clearly represents a recovery of part of the cost of investment.

Financial asset measured at fair value through profit or loss

Financial assets were classified as measured at amortized cost or measured at fair value through other comprehensive income based on aforementioned criteria. All other financial assets were measured at fair value through profit or loss and presented on the balance sheet as financial assets measured at fair value through profit or loss.

Such financial assets are measured at fair value, the gains or losses resulting from remeasurement is recognized in profit or loss which includes any dividend or interest received on such financial assets.

B. Impairment of financial assets

The Group recognizes a loss allowance for expected credit losses on debt instrument investments measured at fair value through other comprehensive income and financial asset measured at amortized cost. The loss allowance on debt instrument investments measured at fair value through other comprehensive income is recognized in other comprehensive income and not reduce the carrying amount in the balance sheet.

The Group measures expected credit losses of a financial instrument in a way that reflects:

- a. an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- b. the time value of money; and
- c. reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The loss allowance is measured as follows:

- a. At an amount equal to 12-month expected credit losses: the credit risk on a financial asset has not increased significantly since initial recognition or the financial asset is determined to have low credit risk at the reporting date. In addition, the Group measures the loss allowance at an amount equal to lifetime expected credit losses in the previous reporting period, but determines at the current reporting date that the credit risk on a financial asset has increased significantly since initial recognition is no longer met.
- b. At an amount equal to the lifetime expected credit losses: the credit risk on a financial asset has increased significantly since initial recognition or financial asset that is purchased or originated credit-impaired financial asset.
- c. For accounts receivables or contract assets arising from transactions within the scope of IFRS 15, the Group measures the loss allowance at an amount equal to lifetime expected credit losses.
- d. For lease receivables arising from transactions within the scope of IFRS 16, the Group measures the loss allowance at an amount equal to lifetime expected credit losses.

At each reporting date, the Group needs to assess whether the credit risk on a financial asset has increased significantly since initial recognition by comparing the risk of a default occurring at the reporting date and the risk of default occurring at initial recognition. Please refer to Note 12 for further details on credit risk.

C. Derecognition of financial assets

A financial asset is derecognized when:

a. The rights to receive cash flows from the asset have expired

- b. The Group has transferred the asset and substantially all the risks and rewards of the asset have been transferred
- c. The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On derecognition of a financial asset in its entirety, the difference between the carrying amount and the consideration received or receivable including any cumulative gain or loss that had been recognized in other comprehensive income, is recognized in profit or loss.

D. Financial liabilities and equity

Classification between liabilities or equity

The Group classifies the instrument issued as a financial liability or an equity instrument in accordance with the substance of the contractual arrangement and the definitions of a financial liability, and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. The transaction costs of an equity transaction are accounted for as a deduction from equity (net of any related income tax benefit) to the extent they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

Financial liabilities

Financial liabilities within the scope of IFRS 9 *Financial Instruments* are classified as financial liabilities at fair value through profit or loss or financial liabilities measured at amortized cost upon initial recognition.

Financial liabilities at amortized cost

Financial liabilities measured at amortized cost include interest bearing loans and borrowings that are subsequently measured using the effective interest rate method after initial recognition. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the effective interest rate method amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or transaction costs.

Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified (whether or not attributable to the financial difficulty of the debtor), such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

E. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the balance sheet if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

(9) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- A. In the principal market for the asset or liability, or
- B. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

(10)Inventories

Inventories are valued at lower of cost and net realizable value item by item.

Costs incurred in bringing each inventory to its present location and conditions are accounted for as follows:

Raw materials - Purchase cost on a weighted average cost basis.

Finished goods and work in progress - Cost of direct materials and labor and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing costs.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(11)<u>Non-current assets held for sale and discontinued operations</u>

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered through a sale transaction that is highly probable within one year from the date of classification and the asset or disposal group is available for immediate sale in its present condition. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

In the consolidated statement of comprehensive income of the reporting period, and of the comparable period of the previous year, income and expenses from discontinued operations are reported separately from income and expenses from continuing operations, down to the level of profit after taxes, even when the Group retains a non-controlling interest in the subsidiary after the sale. The resulting profit or loss (after taxes) is reported separately in the statement of comprehensive income.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

(12) Investments accounted for using the equity method

The Group's investment in its associate is accounted for using the equity method other than those that meet the criteria to be classified as held for sale. An associate is an entity over which the Group has significant influence. A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Under the equity method, the investment in the associate or an investment in a joint venture is carried in the balance sheet at cost and adjusted thereafter for the post-acquisition change in the Group's share of net assets of the associate or joint venture. After the interest in the associate or joint venture is reduced to zero, additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. Unrealized gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the Group's related interest in the associate or joint venture.

When changes in the net assets of an associate or a joint venture occur and not those that are recognized in profit or loss or other comprehensive income and do not affects the Group's percentage of ownership interests in the associate or joint venture, the Group recognizes such changes in equity based on its percentage of ownership interests. The resulting capital surplus recognized will be reclassified to profit or loss at the time of disposing the associate or joint venture on a prorata basis.

When the associate or joint venture issues new stock, and the Group's interest in an associate or a joint venture is reduced or increased as the Group fails to acquire shares newly issued in the associate or joint venture proportionately to its original ownership interest, the increase or decrease in the interest in the associate or joint venture is recognized in Additional Paid in Capital and Investment accounted for using the equity method. When the interest in the associate or joint venture is reduced, the cumulative amounts previously recognized in other comprehensive income are reclassified to profit or loss or other appropriate items. The aforementioned capital surplus recognized is reclassified to profit or loss on a pro rata basis when the Group disposes the associate or joint venture.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate or an investment in a joint venture is impaired in accordance with IAS 28 *Investments in Associates and Joint Ventures*. If this is the case the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognizes the amount in the 'share of profit or loss of an associate' in the statement of comprehensive income in accordance with IAS 36 *Impairment of Assets*. If the recoverable amount is under the investment value in use, the Group uses the following measurements to determine the relevant value:

- A. Its share of the present value of the estimated future cash flows expected to be generated by the associate or joint venture, including the cash flows from the operations of the associate and the proceeds on the ultimate disposal of the investment; or
- B. The present value of the estimated future cash flows expected to arise from dividends to be received from the investment and from its ultimate disposal.

Because goodwill that forms part of the carrying amount of an investment in an associate or an investment in a joint venture is not separately recognized, it is not tested for impairment separately by applying the requirements for impairment testing goodwill in IAS 36 Impairment of Assets.

Upon loss of significant influence over the associate or joint venture, the Group measures and recognizes any retaining investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence and the fair value of the retaining investment and proceeds from disposal is recognized in profit or loss. Furthermore, if an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate, the entity continues to apply the equity method and does not remeasure the retained interest.

(13) Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of dismantling and removing the item and restoring the site on which it is located and borrowing costs for construction in progress if the recognition criteria are met. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognized such parts as individual assets with specific useful lives and depreciation, respectively. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition provisions of IAS 16 *Property, plant and equipment*. When a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

Depreciation is calculated on a straight-line basis over the estimated economic lives of the following assets:

| Buildings | 5~55 years |
|--------------------------|------------------------|
| Machinery and equipment | 1~20 years |
| Transportation equipment | 4~46 years and 1 month |
| Leasehold improvements | 5 years |
| Office equipment | 2~20 years |

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognized in profit or loss.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

(14)Leases

The Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset for a period of time, the Group assesses whether, throughout the period of use, has both of the following:

- A. the right to obtain substantially all of the economic benefits from use of the identified asset; and
- B. the right to direct the use of the identified asset.

For a contract that is, or contains, a lease, the Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract. For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components. The relative stand-alone price of lease and non-lease components shall be determined on the basis of the price the lessor, or a similar supplier, would charge the Group for that component, or a similar component, separately. If an observable stand-alone price is not readily available, the Group estimates the stand-alone price, maximising the use of observable information.

Group as a lessee

Except for leases that meet and elect short-term leases or leases of low-value assets, the Group recognizes right-of-use asset and lease liability for all leases which the Group is the lessee of those lease contracts.

At the commencement date, the Group measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses its incremental borrowing rate. At the commencement date, the lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date:

- A. fixed payments (including in-substance fixed payments), less any lease incentives receivable;
- B. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- C. amounts expected to be payable by the lessee under residual value guarantees;
- D. the exercise price of a purchase option if the Group is reasonably certain to exercise that option; and
- E. payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

After the commencement date, the Group measures the lease liability on an amortised cost basis, which increases the carrying amount to reflect interest on the lease liability by using an effective interest method; and reduces the carrying amount to reflect the lease payments made.

At the commencement date, the Group measures the right-of-use asset at cost. The cost of the right-of-use asset comprises:

- A. the amount of the initial measurement of the lease liability;
- B. any lease payments made at or before the commencement date, less any lease incentives received;
- C. any initial direct costs incurred by the lessee; and
- D. an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

For subsequent measurement of the right-of-use asset, the Group measures the right-of-use asset at cost less any accumulated depreciation and any accumulated impairment losses. That is, the Group measures the right-of-use applying a cost model.

If the lease transfers ownership of the underlying asset to the Group by the end of the lease term or if the cost of the right-of-use asset reflects that the Group will exercise a purchase option, the Group depreciates the right-of-use asset from the commencement date to the end of the useful life of the underlying asset. Otherwise, the Group depreciates the right-of-use asset from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

The Group applies IAS 36 "Impairment of Assets" to determine whether the right-of-use asset is impaired and to account for any impairment loss identified.

Except for those leases that the Group accounted for as short-term leases or leases of lowvalue assets, the Group presents right-of-use assets and lease liabilities in the balance sheet and separately presents lease-related interest expense and depreciation charge in the statements comprehensive income.

For short-term leases or leases of low-value assets, the Group elects to recognize the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis.

Group as a lessor

At inception of a contract, the Group classifies each of its leases as either an operating lease or a finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset. At the commencement date, the Group recognizes assets held under a finance lease in its balance sheet and present them as a receivable at an amount equal to the net investment in the lease.

For a contract that contains lease components and non-lease components, the Group allocates the consideration in the contract applying IFRS 15.

The Group recognizes lease payments from operating leases as rental income on either a straight-line basis or another systematic basis. Variable lease payments for operating leases that do not depend on an index or a rate are recognized as rental income when incurred.

(15) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is its fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in profit or loss for the year in which the expenditure is incurred.

Intangible assets are all finite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each financial year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible asset are recognized in profit or loss.

Accounting policies of the Group's intangible assets are summarized as follows:

| | Mining Right | Computer software |
|----------------------------------|---------------------------|-------------------------------|
| Useful lives | Finite | Finite |
| Amortization method used | Amortized over the period | Amortized over the period of |
| | of estimated life on a | estimated life on a straight- |
| | straight-line basis | line basis |
| Internally generated or acquired | Acquired | Acquired |

(16) Impairment of non-financial assets

The Group assesses at the end of each reporting period whether there is any indication that an asset in the scope of IAS 36 *Impairment of Assets* may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's ("CGU") fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cashgenerating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been an increase in the estimated service potential of an asset which in turn increases the recoverable amount. However, the reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

A cash generating unit, or groups of cash-generating units, to which goodwill has been allocated is tested for impairment annually at the same time, irrespective of whether there is any indication of impairment. If an impairment loss is to be recognized, it is first allocated to reduce the carrying amount of any goodwill allocated to the cash generating unit (group of units), then to the other assets of the unit (group of units) pro rata on the basis of the carrying amount of each asset in the unit (group of units). Impairment losses relating to goodwill cannot be reversed in future periods for any reason.

An impairment loss of continuing operations or a reversal of such impairment loss is recognized in profit or loss.

(17) Revenue recognition

The Group's revenue arising from contracts with customers are primarily related to sale of goods and rendering of services. The accounting policies are explained as follows:

Sale of goods

The Group manufactures and sells machinery. Sales are recognized when control of the goods is transferred to the customer and the goods are delivered to the customers. The main product of the Group is glass(flat glass, glass fiber, and glass container) and revenue is recognized based on the consideration stated in the contract. For certain sales of goods transactions, they are usually accompanied by volume discounts (based on the accumulated total sales amount for a specified period). Therefore, revenue from these sales is recognized based on the price specified in the contract, net of the estimated volume discounts. to the Group estimates the discounts using the expected value method based on historical experiences. Revenue is only recognized to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and when the uncertainty associated with the variable consideration is subsequently resolved. During the period specified in the contract, refund liability is recognized for the expected volume discounts.

The credit period of the Group's sale of goods is generally from 30 to 180 days. For most of the contracts, when the Group transfers the goods to customers and has a right to an amount of consideration that is unconditional, these contracts are recognized as accounts receivables. The Group usually collects the payments shortly after transfer of goods to customers; therefore, there is no significant financing component to the contract. For some of the contracts, the Group has transferred the goods to customers but does not has a right to an amount of consideration that is unconditional, these contacts should be presented as contract assets. Besides, in accordance with IFRS 9, the Group measures the loss allowance for a contract asset at an amount equal to the lifetime expected credit losses. For other services contracts, part of the consideration to provide the services subsequently; accordingly, these amounts are recognized as advance receipts or temporary receipts.

The period between the transfers of contract liabilities to revenue is usually within one year, thus, no significant financing component arose.

(18) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(19) Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset. When the grant relates to an expense item, it is recognized as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate.

Where the Group receives non-monetary grants, the asset and the grant are recorded gross at nominal amounts and released to the statement of comprehensive income over the expected useful life and pattern of consumption of the benefit of the underlying asset by equal annual installments. Where loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favorable interest is regarded as additional government grant.

(20) Post-employment benefits

All regular employees of the Company and its domestic subsidiaries are entitled to a pension plan that is managed by an independently administered pension fund committee. Fund assets are deposited under the committee's name in the specific bank account and hence, not associated with the Company and its domestic subsidiaries. Therefore, fund assets are not included in the Group's consolidated financial statements. Pension benefits for employees of the overseas subsidiaries and the branches are provided in accordance with the respective local regulations.

For the defined contribution plan, the Company and its domestic subsidiaries will make a monthly contribution of no less than 6% of the monthly wages of the employees subject to the plan. The Group recognizes expenses for the defined contribution plan in the period in which the contribution becomes due. Overseas subsidiaries and branches make contribution to the plan based on the requirements of local regulations.

Post-employment benefit plan that is classified as a defined benefit plan uses the Projected Unit Credit Method to measure its obligations and costs based on actuarial assumptions. Remeasurements, comprising of the effect of the actuarial gains and losses, the effect of the asset ceiling (excluding net interest) and the return on plan assets, excluding net interest, are recognized as other comprehensive income with a corresponding debit or credit to retained earnings in the period in which they occur. Past service costs are recognized in profit or loss on the earlier of:

- A. the date of the plan amendment or curtailment, and
- B. the date that the Group recognizes restructuring-related costs or defined benefit

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset, both as determined at the start of the annual reporting period, taking account of any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payment.

(21)<u>Income taxes</u>

Income tax expense (income) is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Current income tax relating to items recognized in other comprehensive income or directly in equity is recognized in other comprehensive income or equity and not in profit or loss.

The income tax for undistributed earnings is recognized as income tax expense in the subsequent year when the distribution proposal is approved by the Shareholders' meeting.

Deferred income tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- A. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- B. In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- A. Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- B. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax assets and deferred tax liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity. Deferred tax assets are reassessed at each reporting date and are recognized accordingly. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

5. Significant accounting judgments, estimates and assumptions

The preparation of the Group's consolidated financial statements require management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumption and estimate could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

(1) Judgement

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the consolidated financial statements:

A. De facto control without a majority of the voting rights in subsidiaries

The Group does not have over 50% of the voting rights in certain subsidiaries. Thus, after taking the factors into consideration, the Group does not have control and only has significant influence. Please refer to Note 6.(10) for further details.

(2) Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

A. Fair value of financial instruments

Where the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using valuation techniques including the income approach (for example the discounted cash flows model) or market approach. Changes in assumptions about these factors could affect the reported fair value of the financial instruments. Please refer to Note 12 for more details.

B. Inventories

The Group estimates the net realizable value of inventory for damage, obsolescence and price decline. The net realizable value of the inventory is mainly determined based on reliable evidence of expected cash flow. Please refer to Note 6.

C. Impairment of non-financial assets

An impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The fair value less costs to sell calculation is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date less incremental costs that would be directly attributable to the disposal of the asset or cash generating unit. The value in use calculation is based on a discounted cash flow model. The cash flows projections are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the cash generating unit being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. The key assumptions used to determine the recoverable amount for the different cash generating units, including a sensitivity analysis, are further explained in Note 6.

D. Pension benefits

The cost of post-employment benefit and the present value of the pension obligation under defined benefit pension plans are determined using actuarial valuations. An actuarial valuation involves making various assumptions. These include the determination of the discount rate and changes of the future salary etc.

E. Revenue recognition - sales returns and allowance

The Group estimates sales returns and allowance based on historical experience and other known factors at the time of sale, which reduces the operating revenue. In assessing the aforementioned sales returns and allowance, revenue is recognized to the extent it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. Please refer to Note 6 for more details.

F. Income tax

Uncertainties exist with respect to the interpretation of complex tax regulations and the amount and timing of future taxable income. Given the wide range of international business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective counties in which it operates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective Group's domicile.

Deferred tax assets are recognized for all carryforward of unused tax losses and unused tax credits and deductible temporary differences to the extent that it is probable that taxable profit will be available or there are sufficient taxable temporary differences against which the unused tax losses, unused tax credits or deductible temporary differences can be utilized. The amount of deferred tax assets determined to be recognized is based upon the likely timing and the level of future taxable profits and taxable temporary differences together with future tax planning strategies.

6. Contents of significant accounts

(1) Cash and cash equivalents

| | As of December 31, | |
|--|--------------------|-------------|
| | 2021 | 2020 |
| Cash on hand | \$1,562 | \$1,911 |
| Checking and savings accounts | 7,604,437 | 6,656,404 |
| Time deposits | 523,787 | 13,269 |
| Equivalent cash, including investments in bonds with | 44,019 | 37,007 |
| resale agreements | | |
| Total | \$8,173,805 | \$6,708,591 |

(2) Financial assets at fair value through profit or loss

| | As of December 31, | |
|---|--------------------|-------------|
| | 2021 | 2020 |
| Financial assets mandatorily measured at fair value through profit or loss: | | |
| Structured deposit | \$7,109,379 | \$1,883,412 |
| Guaranteed financial products | | 43,648 |
| Total | \$7,109,379 | \$1,927,060 |
| | As of De | cember 31, |
| | 2021 | 2020 |
| Current | \$7,109,379 | \$1,927,060 |
| Non-current | | |
| Total | \$7,109,379 | \$1,927,060 |

Financial assets at fair value through profit or loss were not pledged.

(3) Financial assets measured at amortized cost

| As of Decem | ıber 31, |
|-------------|-----------|
| 2021 | 2020 |
| \$575,414 | \$165,047 |
| | 2021 |

| | 2021 | 2020 | |
| Current | \$575,414 | \$165,047 | |
| Non-current | - | - | |
| Total | \$575,414 | \$165,047 | |

Financial assets measured at amortized cost were not pledged. Please refer to Note 12 for more details on credit risk.

(4) Notes receivable and notes receivable - related parties

| | As of December 31, | |
|--|--------------------|--------------|
| | 2021 | 2020 |
| Notes receivable arising from operating activities | \$11,333,141 | \$11,271,274 |
| Less: loss allowance | (95,318) | (129,408) |
| Subtotal | 11,237,823 | 11,141,866 |
| Notes receivable from related parties | 101,754 | 142,057 |
| Less: loss allowance | | |
| Subtotal | 101,754 | 142,057 |
| Total | \$11,339,577 | \$11,283,923 |

As of December 31, 2021 and 2020, the Group's discounted note receivable amounted to NT\$644,242 thousand and NT\$136,352 thousand, respectively. Please refer to Note 6. (14) for more details on short-term loans.

The Group assesses impairments according to IFRS 9 to assess the impairment. Please refer to Note 6. (22) for more details on loss allowance and Note 12 for details on credit risk.

(5) Accounts receivable and accounts receivable - related parties

| | As of December 31, | |
|--|--------------------|-------------|
| | 2021 | 2020 |
| Accounts receivable | \$5,701,263 | \$4,742,725 |
| Less: loss allowance | (246,731) | (209,026) |
| Subtotal | 5,454,532 | 4,533,699 |
| Accounts receivable from related parties | 68,816 | 50,936 |
| Less: loss allowance | <u> </u> | |
| Subtotal | 68,816 | 50,936 |
| Total | \$5,523,348 | \$4,584,635 |

Accounts receivables were not pledged.

Please refer to Note 12.(11) for disclosure on information of accounts receivable transferred.

Accounts receivable are generally on 30 to 180 day terms. Please refer to Note 6. (22) for more details on loss allowance of accounts receivable for the years ended December 31, 2021 and 2020. Please refer to Note 12 for more details on credit risk management.

(6) Other receivables, net

| | As of December 31, | |
|----------------------|--------------------|-----------|
| | 2021 | 2020 |
| Other receivables | \$208,227 | \$223,577 |
| Less: loss allowance | (20,673) | (33,413) |
| Total | \$187,554 | \$190,164 |

Please refer to Note 6. (22) for more details on loss allowance of trade receivables for the years ended December 31, 2021 and 2020. Please refer to Note 12 for more details on credit risk management.

(7) Inventories, net

| | As of December 31, | |
|------------------|--------------------|-------------|
| | 2021 | 2020 |
| Raw materials | \$3,382,983 | \$2,648,144 |
| Supplies | 670,209 | 640,792 |
| Work in progress | 759,149 | 658,628 |
| Finished goods | 5,473,193 | 4,211,511 |
| Commodities | 12,245 | 1,738 |
| Total | \$10,297,779 | \$8,160,813 |

The cost of inventories recognized in expenses amounted to NT\$38,359,027 thousand and NT\$34,793,133 thousand for the years ended December 31, 2021 and 2020, respectively, including:

| | For the years ended December 31, | |
|--|----------------------------------|-------------|
| | 2021 | 2020 |
| Losses for market price decline of inventories | \$(95,287) | \$(284,727) |
| (Gains) on physical inventory | - | (153) |
| Loss on work stoppage | 316,351 | 482,622 |
| Revenue from sale of scraps | (263,499) | (195,259) |
| Others | | 8,428 |
| Additions to operating costs | \$(42,435) | \$10,911 |

As of December 31, 2021, the Company booked gain from inventory price recovery as a result of the price of the product rebounded; As of December 31, 2020, the Company booked gain from inventory price recovery as a result of reduced cost from price drop of raw materials purchased.

No inventories were pledged.

- (8) Disposal groups held for sale and discontinued operations
 - A. On October 29, 2021, the Group entered into a contract with Song Chuan Trading Co., Ltd. to sell land in Toufen, Miaoli for a total transaction amount of \$108,000 thousand. If the construction line and entrance/exit right-of-way cannot be obtained due to legal or statutory reasons, the contract will be unconditionally terminated by both parties. The related assets have been reclassified from investment property to non-current assets held for sale (or disposal group), net, in the amount of \$11,862 thousand as of December 31, 2021, which was measured at the lower of carrying amount or fair value less costs to sell.
 - B. TG Yueda Solar Mirror Co., Ltd. (TYSM), a subsidiary of the Group, signed group of assets sale contracts with Jiangsu Yuanlong Appliances Co., Ltd. and Quanzhou Fenghuashi Intelligent Manufacturing Ltd. in 2020. The total transaction amounts with Jiangsu Yuanlong Appliances Co., Ltd. and Quanzhou Fenghuashi Intelligent Manufacturing Ltd. were CNY135,000 thousand and CNY15,000 thousand, respectively. The related asset valuation reports issued by professional appraiser have been obtained. The amount of \$558,027 thousand was measured at the lower of carrying amount or fair value less costs to sell as of December 31, 2020, and the full amount had been received as of December 31, 2021. The disposal unit has been transferred in 2021 and met the definition as discontinued operation unit.
 - C. The Group signed a share transfer contract on August 28, 2020 with a related party, Yinan Yang Du Assets Operation Co., Ltd. selling all its 63.38% shares of the subsidiary, Yinan Silica Sand Co., Ltd. (YNSS). The transaction amount was CNY148,000 thousand, and the opinion on the reasonableness of the transaction issued by certified accountant has been obtained. The disposal unit has been transferred on October 23, 2020 (Please refer to Note 6. (30) for more details), and met the definition of a discontinued operation unit.
 - D. The Group signed a share transfer contract on August 31, 2021 with a related party, Merry Int'l Holdings Group Limited selling all its shares of the subsidiary, TG Fengyang Holding Co., Ltd. (TGFH) and indirectly transferred 100% equity interest in TG Fengyang Silica Sand Co., Ltd. (FYSS). The total transaction amount was CNY344,700 thousand, and the opinion on the reasonableness of the transferred on October 15, 2021 (Please refer to Note 6. (30) for more details), and met the definition of a discontinued operation unit.
 - E. Details of the disposal groups held for sale As of December 31, 2021 and 2020 are as follows:

| | As of December 31, | |
|------------------------------|--------------------|-----------|
| | 2021 | 2020 |
| Buildings | \$- | \$294,156 |
| Machine and equipment | | 404,483 |
| Other facilities | - | 3,058 |
| Right-of-use asset: land | - | 150,692 |
| | 11,862 | - |
| Subtotal | 11,862 | 852,389 |
| Less: Accumulated impairment | - | (294,362) |
| Total | \$11,862 | \$558,027 |

Based on the assessment results valued at lower of book value and fair value less costs to sale, the Group recognized impairment loss in the amount of NT\$0 and NT\$59,647 thousand for the year ended December 31, 2021 and 2020.

F. Information of gain and loss from discontinued operation units is as follows:

| | For the years ended December 31, | |
|--|----------------------------------|-------------|
| | 2021 | 2020 |
| Operating revenue | \$27,381 | \$67,793 |
| Operating costs | (31,615) | (59,661) |
| Operating gross profit | (4,234) | 8,132 |
| Operating expenses | | |
| Operating expenses | (2,245) | (962) |
| Administrative expenses | (17,566) | (37,269) |
| Expected credit impairment loss | 18,925 | (26,350) |
| Total operating expenses | (886) | (64,581) |
| Net other income and expenses | 32,964 | 630 |
| Operating income (loss) | 27,844 | (55,819) |
| Non-operating revenue and expenses | | |
| Interest revenue | 1,062 | 1,480 |
| Other revenue | 154,631 | 21,000 |
| Other gain and loss | 4,191 | (11,756) |
| Financial costs | | (4,838) |
| Total non-operating revenue and expenses | 159,884 | 5,886 |
| Gain (loss) from discontinued operations before tax | 187,728 | (49,933) |
| Tax benefit (expense) | (3) | (1,937) |
| Gain (loss) from discontinued operations, net of tax | 187,725 | (51,870) |
| Gain (loss) recognized on measurement to fair value | | |
| less costs to sell of assets or disposal groups | | |
| constituting discontinued operation, net of tax | _ | (84,624) |
| Gain (loss) from discontinued operation | 187,725 | (136,494) |
| Other comprehensive income | (2,661) | 9,207 |
| Total comprehensive income | \$185,064 | \$(127,287) |

G. Cash flows of discontinued operation units are as follows:

| | For the years ended December 31, | |
|---|----------------------------------|------------|
| | 2021 | 2020 |
| Cash flows from operating activities | \$895,954 | \$16,877 |
| Cash flows from investing activities | (995,890) | 282,518 |
| Cash flows from financing activities | (875) | (328,143) |
| Effects of exchange rate changes on cash and cash | | |
| equivalents | (6,062) | (25,794) |
| Net decrease in cash and cash equivalents | \$(106,873) | \$(54,542) |

(9) Financial assets at fair value through other comprehensive income

| | As of December 31, | |
|--|--------------------|-----------|
| | 2021 | 2020 |
| Equity instrument investments measured at fair value through | | |
| other comprehensive income – non-current: | | |
| Listed companies stocks | \$379,433 | \$201,645 |
| Unlisted companies stocks | 52,397 | 50,480 |
| Total | \$431,830 | \$252,125 |

Financial assets at fair value through other comprehensive income were not pledged.

(10) Investments accounted for using the equity method

The following table lists the investments in the associate of the Group:

| | As of December 31, | | | |
|----------------------------------|--------------------|---------------|-------------|---------------|
| | 2021 | | 20 |)20 |
| | Carrying | Percentage of | Carrying | Percentage of |
| Investees | amount | Ownership | amount | Ownership |
| Investments in associates: | | | | |
| Shihlien China Holding Co., Ltd. | \$5,469,989 | 43.99% | \$4,603,702 | 43.99% |
| Taibo Anhui Energy Co., Ltd. | 12,802 | 20.00% | 12,740 | 20.00% |
| Totals | \$5,482,791 | | \$4,616,442 | = |

A. Information on the material associate of the Group:

Company name: Shihlien China Holding Co., Ltd. (SCH)

Significant influence assessment: The Group's ownership in SCH accounted for 43.99%, and totalled 44.43% along with the other related party's consolidated interest. The other two investors separately held 15.11% and 8.39% voting rights, and the remaining voting rights were held by other numerous shareholders, none of whom held more than 5% voting right. There is no agreement between the Group and other shareholders to exercise voting power, nor does the Group has any right from other contractual agreements. The total number of the board is nine. The Group and the other related parties accounted for only four members of the board. Therefore the Group does not have substantive voting power. Decisions about major resolutions by the invests must be approved at the shareholders' meeting by a majority vote. The Group and the other related parties attended a recent shareholders' meeting representing 45.26% of the total number of shares present, which did not exceed majority votes. According to IFRS B46, after considering factors listed in B42(a) to (d), if it's not clear whether the investors have the substantive rights, the investor does not control the investee.

Significant influence assessment: According to the above assessment, the Group does not have control of SCH, and only has significant influence.

Nature of the relationship with the associate: Shihlien China Holdings Co., Ltd. is in the business of manufacturing and selling related products in the Group's industry chain. The Group invested in Shihlien China Holdings Co., Ltd. for the purpose of upstream/downstream integration.

Principal place of business (country of incorporation): Hong Kong

The summarized financial information of the associate is as follows:

| | As of December 31, | | |
|---|--------------------|--------------|--|
| | 2021 | 2020 | |
| Current assets | \$5,395,366 | \$5,819,957 | |
| Non-current assets | 20,554,903 | 19,435,819 | |
| Current liabilities | (10,038,682) | (13,203,657) | |
| Non-current liabilities | (3,343,858) | (1,557,550) | |
| Equity | 12,567,729 | 10,494,569 | |
| the Group's ownership percentage | 43.99% | 43.99% | |
| Subtotal | 5,528,544 | 4,616,561 | |
| Eliminations from intercompany transactions | (58,555) | (12,859) | |
| Carrying amount of the investment | \$5,469,989 | \$4,603,702 | |

| | As of December 31, | | |
|--|--------------------|-------------|--|
| | 2021 | 2020 | |
| Operating revenue | \$13,220,827 | \$9,604,330 | |
| Net income from continuing operations | 2,159,705 | 25,704 | |
| Total other comprehensive income, net of tax | (86,545) | 821,140 | |
| Total comprehensive income | 2,073,160 | 846,844 | |

B. The Group's investments in Taibo Anhui Energy Co., Ltd. (TRAE) is not individually material. The aggregate carrying amount of the Group's interests in TRAE was NT\$12,802 thousand and NT\$12,740 thousand for the years ended December 31, 2021 and 2020, respectively. The aggregate financial information based on the Group's share of TRAE is as follows:

| | As of December 31, | | |
|--|--------------------|-------|--|
| | 2021 | 2020 | |
| Net losses from continuing operations | \$130 | \$830 | |
| Total other comprehensive income, net of tax | (68) | 199 | |
| Total comprehensive income | 62 | 1,029 | |

The associates had no contingent liabilities or capital commitments as of December 31, 2021 and 2020, and were not pledged.

(11) Property, plant and equipment

The subsidiaries of the Group suffered operating loss due to market impact and economic downturn. As a result the Group wrote off some machinery equipment to recoverable amount. The management performed impairment test to evaluate the recoverable amount based on value in use or an independent external appraisal which the fair value less costs to sell was adopted. Its fair value evaluated by market method and cost method hierarchy was categorized at Level 3. Based on the assessment results, the Group recognized impairment loss in the amount of NT\$0 thousand and NT\$262,394 thousand for the years ended December 31, 2021 and 2020 under other gains and losses. The cumulative impairment As of December 31, 2021 and 2020 amounted to NT\$374,927 thousand and NT\$415,676 thousand. Please refer to Note 6. (26) for more details.

B. Capitalized borrowing costs of property, plant and equipment are as follows:

| | As of Dec | As of December 31, | | |
|--|-------------|--------------------|--|--|
| Item | 2021 | 2020 | | |
| Construction in progress | \$13,017 | \$17,430 | | |
| Capitalization rate of borrowing costs | 1.29%~1.58% | 1.42%~5.23% | | |

- C. Components of machinery and equipment that have different useful lives are furnace and platinum, which are depreciated over 12 years and 20 years, respectively.
- D. Please refer to Note 8 for more details on property, plant and equipment under pledge.

Government grant

| | As of December 31, | |
|--|--------------------|-------------|
| | 2021 | 2020 |
| Beginning balance | \$1,185,796 | \$1,243,581 |
| Received during the period | 157,735 | 68,408 |
| Released to the statement of comprehensive income | (274,470) | (144,228) |
| Exchange effect | (6,363) | 18,035 |
| Ending balance | \$1,062,698 | \$1,185,796 |
| | As of Dece | mber 31, |
| | 2021 | 2020 |
| Non-current deferred revenue - government grants related | | |
| to assets | \$1,062,698 | \$1,185,796 |

Government grants have been received for prepaid long-term rent and property, plant and equipment. There are no unfulfilled conditions or contingencies attached to these grants.

(18) Other current liabilities

As of December 31, 2020, other current liabilities are mainly composed of the price NT\$\$857,841 thousand (CNY204,486 thousand) precharged for disposal of asset and equity.

(19) Post-employment benefits

Defined contribution plan

The Company and its domestic subsidiaries adopt a defined contribution plan in accordance with the Labor Pension Act of the R.O.C. Under the Labor Pension Act, the Company and its domestic subsidiaries will make monthly contributions of no less than 6% of the employees' monthly wages to the employees' individual pension accounts. The Company and its domestic subsidiaries have made monthly contributions of 6% of each individual employee's salaries or wages to employees' pension accounts.

Subsidiaries located in the People's Republic of China will contribute social welfare benefits based on a certain percentage of employees' salaries or wages to the employees' individual pension accounts.

Pension benefits for employees of overseas subsidiaries are provided in accordance with the local regulations.

Pension expenses under the defined contribution plan for the years ended December 31, 2021 and 2020 were NT\$344,689 thousand and NT\$159,346 thousand, respectively.

Defined benefits plan

The Company and its domestic subsidiaries adopt a defined benefit plan in accordance with the Labor Standards Act of the R.O.C. The pension benefits are disbursed based on the units of service years and the average salaries in the last month of the service year. Two units per year are awarded for the first 15 years of services while one unit per year is awarded after the completion of the 15th year. The total units shall not exceed 45 units. Under the Labor Standards Act, the Company and its domestic subsidiaries contribute an amount equivalent to 2% of the employees' total salaries and wages on a monthly basis to the pension fund deposited at the Bank of Taiwan in the name of the administered pension fund committee. Before the end of each year, the Company and its domestic subsidiaries assess the balance in the designated labor pension fund. If the amount is inadequate to pay pensions calculated for workers retiring in the same year, the Company and its domestic subsidiaries will make up the difference in one appropriation before the end of March the following year.

The Ministry of Labor is in charge of establishing and implementing the fund utilization plan in accordance with the Regulations for Revenues, Expenditures, Safeguard and Utilization of the Labor Retirement Fund. The pension fund is managed in-house or under a mandate, based on a passive-aggressive investment strategy for long-term profitability. The Ministry of Labor establishes checks and risk management mechanism based on the assessment of risk factors including market risk, credit risk and liquidity risk, in order to maintain adequate manager flexibility to achieve targeted return without over-exposure of risk. With regard to utilization of the pension fund, the minimum earnings in the annual distributions on the final financial statement shall not be less than the earnings attainable from the amounts accrued from twoyear time deposits with the interest rates offered by local banks. Treasury Funds can be used to cover the deficits after the approval of the competent authority. As the Group does not participate in the operation and management of the pension fund, no disclosure on the fair value of the plan assets categorized in different classes could be made in accordance with paragraph 142 of IAS 19. The Group expects to contribute NT\$129,520 thousand to its defined benefit plan during the 12 months beginning after December 31, 2021. Apart from the abovementioned pension funds, the Group has another fund managed by the pension fund management committee, and the plan is categorized as follows:

| | As of December 31, | |
|--|--------------------|------|
| | 2021 | 2020 |
| Investments with quoted prices in an active market | | |
| Equity instruments-domestic | 95% | 95% |
| Debt instruments-domestic | 5% | 5% |
| Others | 0% | 0% |

The durations of the defined benefits plan obligation as of December 31, 2021 and 2020 are 3 and 4 years, respectively.

Pension costs recognized in profit or loss for the years ended December 31, 2021 and 2020 are as follows:

| | As of December 31, | | |
|------------------------------|--------------------|----------|--|
| | 2021 | 2020 | |
| Current period service costs | \$25,613 | \$31,230 | |
| Interest income or expense | 516 | 3,236 | |
| Past service cost | - | - | |
| Payments from the plan | ••• | | |
| Total | \$26,129 | \$34,466 | |

Parent Company

Changes in the defined benefit obligation and fair value of plan assets are as follows:

| Experience adjustments | 834 | - | 834 |
| Return on plan assets | - | 1,295 | (1,295) |
| Subtotal | 2,380 | 1,295 | 1,085 |
| Payments from the plan | (14,659) | (14,659) | - |
| Contributions by employer | - | 11,036 | (11,036) |
| Effect of changes in foreign exchange | - | - | - |
| rates | | •••••••••••••••••••••••••••••••••••••• | |
| As of December 31, 2020 | 60,340 | 37,802 | 22,538 |

| | Defined benefit obligation | Fair value of plan assets | Benefit liability (asset) |
|--|----------------------------|---------------------------|------------------------------|
| Current period service costs | 683 | - | 683 |
| Net interest expense (income) | 224 | 140 | 84 |
| Subtotal | 61,247 | 37,942 | 23,305 |
| Remeasurements of the net defined benefit liability (asset): | | | |
| Actuarial gains and losses arising from changes in demographic assumptions | 31 | - | 31 |
| Actuarial gains and losses arising from changes in financial assumptions | (1,468) | - | (1,468) |
| Experience adjustments | (5,237) | - | (5,237) |
| Return on plan assets | | 401 | (401) |
| Subtotal | (6,674) | 401 | (7,075) |
| Payments from the plan | (26,962) | (26,962) | - |
| Contributions by employer | - | 9,191 | (9,191) |
| Effect of changes in foreign exchange rates | - | - | - |
| As of December 31, 2021 | \$27,611 | \$20,572 | \$7,039 |

The following significant actuarial assumptions are used to determine the present value of the defined benefit obligation:

| | As of December 31, | |
|-----------------------------------|--------------------|-------------|
| | 2021 | 2020 |
| Discount rate | 0.69%~0.70% | 0.34%~0.37% |
| Expected rate of salary increases | 1.00% | 1.00% |

A sensitivity analysis for significant assumption As of December 31, 2021 and 2020 is as shown below:

| | Effect on the defined benefit obligation | | | |
|--------------------------------|--|-------------|-------------|-------------|
| | 20 | 2021 20 | | 20 |
| | Increase in | Decrease in | Increase in | Decrease in |
| | defined | defined | defined | defined |
| | benefit | benefit | benefit | benefit |
| | obligation | obligation | obligation | obligation |
| Discount rate increase by 0.5% | \$- | \$11,878 | \$- | \$60,176 |
| Discount rate decrease by 0.5% | 111,659 | | 138,841 | := |
| Future salary increase by 0.5% | 110,705 | - | 137,183 | - |
| Future salary decrease by 0.5% | - | 11,895 | - | 60,154 |

The sensitivity analyses above are based on a change in a significant assumption (for example: change in discount rate or future salary), keeping all other assumptions constant. The sensitivity analyses may not be representative of an actual change in the defined benefit obligation as it is unlikely that changes in assumptions would occur in isolation of one another.

There was no change in the methods and assumptions used in preparing the sensitivity analyses compared to the previous period.

(20) Equities

A. Common stock

The Company's authorized capital were both NT\$30,000,000 thousand as of December 31, 2021 and 2020. The Company's issued capital were both NT\$29,080,608 thousand as of December 31, 2021 and 2020, each at a par value of NT\$10. The Company has issued both 2,908,061 thousand common shares as of December 31, 2021 and 2020. Each share has one voting right and a right to receive dividends.

B. Capital surplus

| | As of December 31, | |
|--|--------------------|-------------|
| | 2021 | 2020 |
| Additional paid-in capital | \$1,540,300 | \$1,540,300 |
| Increase through changes in ownership interests in | 258,091 | 258,091 |
| subsidiaries | | |
| Expired employee stock warrants | 23,661 | 23,661 |
| Gains on disposal of assets | 103,166 | 103,166 |
| Total | \$1,925,218 | \$1,925,218 |

According to the Company Act, the capital reserve shall not be used except for making good the deficit of the company. When a company incurs no loss, it may distribute the capital reserves related to the income derived from the issuance of new shares at a premium or income from endowments received by the company. The distribution could be made in cash or in the form of dividend shares to its stockholders in proportion to the number of shares being held by each of them.

C. Earnings distribution and dividend policies

According to the Company's Articles of Incorporation, the Company's annual earnings, if any, shall first set aside 1.5% as employee bonuses and no higher than 1.5% as directors and supervisor's remunerations. Nevertheless, the Company shall first make up for losses if there are accumulated losses. The Company shall make distributions from its net income (less any deficit) in the following order:

- a. Offset an accumulated deficit.
- b. Set aside 10% as legal reserve.
- c. Set aside or reverse special reserve.
- d. Following distributions of items "a" to "c" indicated above, the remaining amount, if any, shall be proposed by the board of directors at a board meeting to be distributed as shareholders dividends and bonuses.

Based on the Company's plan to achieve healthy financial standing, whether to distribute the beginning undistributed earnings should consider the actual operation of the year and the budget planning for the following year, to evaluate the necessity of providing funding via earnings distribution so as to determine the most appropriate dividend policy for sustainable business development. The said shareholders dividend and bonus distribution shall not be less than 50% of the distributable earnings after deducting the above items "a" to "c" from current net income. However, if the shareholders dividends and bonuses are less than 1% of the paid-in capital, the company may resolve to transfer it to retained earnings without distribution. At least 20% of the dividends must be paid in the form of cash.

According to the Company Act, the Company needs to set aside amount to legal reserve unless where such legal reserve amounts to the total authorized capital. The legal reserve can be used to make good the deficit of the Company. When the Company incurs no loss, it may distribute the portion of legal serve which exceeds 25% of the paid-in capital by issuing new shares or by cash in proportion to the number of shares being held by each of the stockholders.

When the Company distributing distributable earnings, it shall set aside to special reserve, an amount equal to "other net deductions from shareholders" equity for the current fiscal year, provided that if the company has already set aside special reserve according to the requirements for the adoption of IFRS, it shall set aside supplemental special reserve based on the difference between the amount already set aside and other net deductions from shareholders' equity. For any subsequent reversal of other net deductions from shareholders' equity, the amount reversed may be distributed from the special reserve. Following the adoption of TIFRS, the FSC on March 31, 2021 issued Order No. Jin-Guan-Cheng-Fa-Zi-1090150022, which sets out the following provisions for compliance:

On a public company's first-time adoption of the TIFRS, for any unrealized revaluation gains and cumulative translation adjustments (gains) recorded to stockholders' equity that the company elects to transfer to retained earnings by application of the exemption under IFRS 1, the company shall set aside an equal amount of special reserve. The special reserves booked from first-time adoption of International Financial Reporting Standards were both NT\$3,232,749 thousand as of December 31, 2021 and 2020. The Company did not reverse special reserve to retained earnings for using, disposing of or reclassifying relevant assets in 2021 and 2020.

Details of the 2021 and 2020 earnings distribution and dividends per share as approved by Board of Directors' meeting on March 7, 2022 and by the stockholders' meeting on July 2, 2021, respectively, are as follows:

| | Appropriation of earnings | | Dividend per share (NT\$) | |
|----------------------------|---------------------------|-----------|---------------------------|------|
| | 2021 | 2020 | 2021 | 2020 |
| Legal reserve | \$1,176,098 | \$271,801 | \$- | \$- |
| Common stock-cash dividend | 5,292,671 | 1,454,031 | 1.82 | 0.5 |

Please refer to Note 6. (25) for further details on employees' compensation and remuneration to directors.

D. Non-controlling interests

| | As of December 31, | |
|--|--------------------|-------------|
| | 2021 | 2020 |
| Beginning balance | \$2,992,633 | \$3,197,130 |
| Net gains (losses) attributable to non-controlling interests | 754,561 | (7,973) |
| Other comprehensive income, attributable to non- | | |
| controlling interests, net of tax: | | |
| Exchange differences resulting from translating the | (15,251) | 45,587 |

| Share of other comprehensive income of associates | (2,296) | 21,758 |
| and joint ventures accounted for using the | | |
| equity method | | |
| Actuarial (losses) gains on defined benefit | 736 | (113) |
| Capital decreased by cash | - | (216,974) |
| Proceeds from disposal of subsidiaries | | (46,782) |
| Ending balance | \$3,730,383 | \$2,992,633 |

(21) Operating revenues

| As of Dece | 1ber 31, 2020 | |
|--------------|------------------|--|
| 2021 | 2020 | |
| \$56,065,737 | \$41,907,654 | |
| | 2021 | |

Analysis of revenue from contracts with customers during the years ended December 31, 2021 and 2020 are as follows:

A. Disaggregation of revenue:

The timing of revenue recognition was at a point in time. Please refer to Note 14 Segment Information for more details.

B. Contract balances

a. Contract assets - current

| | December 31, | December 31, | January 1, |
|----------------------|--------------|--------------|------------|
| | 2021 | 2020 | 2020 |
| Sales of goods | \$211,279 | \$279,328 | \$314,267 |
| Less: loss allowance | (10,062) | (13,957) | (15,136) |
| Net | \$201,217 | \$265,371 | \$299,131 |

Please refer to Note 6.(22) for more details on the impairment impact.

The significant changes in the Group's balances of contract assets during the years ended December 31, 2021 and 2020 are as follows:

| _ | As of December 31, | |
|--|--------------------|-----------|
| | 2021 | 2020 |
| The opening balance transferred to trade receivables | \$279,328 | \$314,267 |
| Acquisition | 211,279 | 279,328 |
| Impairment | (10,062) | (13,957) |

b. Contract liabilities - current

| | December 31, | December 31, | January 1, |
|----------------|--------------|--------------|------------|
| | 2021 | 2020 | 2020 |
| Sales of goods | \$1,126,405 | \$1,039,795 | \$812,294 |

The significant changes in the Group's balances of contract liabilities for the years ended December 31, 2021 and 2020 are as follows:

| | As of December 31, | |
|---|--------------------|-----------|
| | 2021 | 2020 |
| The opening balance transferred to revenue | \$1,039,795 | \$812,294 |
| Increase in receipts in advance during the period | | |
| (excluding the amount incurred and transferred to | | |
| revenue during the period) | 1,126,405 | 1,039,795 |

C. Assets recognized from costs to obtain or fulfill a contract: None.

(22) Expected credit losses/ (gains)

| | As of December 31, | |
|---|--------------------|-----------|
| | 2021 | 2020 |
| Operating expenses – Expected credit losses/(gains) | | |
| Contract assets | \$(3,819) | \$(1,390) |
| Notes receivables | (33,391) | 86,502 |
| Trade receivables | 69,069 | 3,776 |
| Overdue receivables | - | 462 |
| Subtotal | 31,859 | 89,350 |
| Non-operating income and expenses- Expected credit losses/(gains) | | |
| Other receivable | (12,558) | 2,570 |
| Total | \$19,301 | \$91,920 |

Please refer to Note 12 for more details on credit risk.

The Group measures the loss allowance of its contract assets and trade receivables (including note receivables, trade receivables and other receivables) at an amount equal to lifetime expected credit losses. The assessment of the Group's loss allowance As of December 31, 2021 and 2020 is as follow:

(A) The historical credit loss experience for contract assets shows that different customer segments do not have significantly different loss patterns. Therefore, the loss allowance of contract assets is measured at an amount equal to lifetime expected credit losses and with no distinction between groups, details are as follow:

| | As of December 31, | |
|----------------------------|--------------------|-----------|
| | 2021 | 2020 |
| Total carrying amount | \$211,279 | \$279,328 |
| Expected credit loss rates | 0%~100% | 0%~100% |
| Loss allowance | (10,062) | (13,957) |
| Total | \$201,217 | \$265,371 |

(B) The Group considers the grouping of trade receivables by counterparties' credit rating, by geographical region and by industry sector and its loss allowance is measured by using a provision matrix, details are as follow:

As of December 31, 2021

| Group 1 | Overdue | | | | |

(23) Net amount of other revenues and gains and expenses and losses

| | For the years ended December 31, | | |
|--|----------------------------------|------------|--|
| | 2021 | 2020 | |
| Losses on disposal of property, plant, and equipment | \$(52,262) | \$(21,365) | |
| Gain on disposal of right-of-use asset | | - | |
| Total | \$(52,232) | \$(21,365) | |

(24) Leases

A. Group as a lessee

The Group leases various properties, including real estate such as land and buildings, machinery and equipment, transportation equipment, office equipment and other equipment. The lease terms range from three to five years. There are no restrictions placed upon the Group by entering into these leases.

The Group's leases effect on the financial position, financial performance and cash flows are as follow:

1. Amounts recognized in the balance sheet

i. Right-of-use assets

The carrying amount of right-of-use assets

| | As of December 31, | | |
|-----------------|--------------------|-------------|--|
| | 2021 | 2020 | |
| Land | \$2,605,530 | \$2,696,331 | |
| Buildings | 68,648 | 62,269 | |
| Other equipment | 30,631 | 26,272 | |
| Total | \$2,704,809 | \$2,784,872 | |

During the years ended December 31, 2021 and 2020, the Group's additions to right-ofuse assets amounting to NT\$124,872 and NT\$59,652 thousand, respectively.

ii. Lease liabilities

| | As of December 31, | | |
|-------------------|--------------------|-----------|--|
| | 2021 | 2020 | |
| Current | \$50,950 | \$44,069 | |
| Non-current | 63,439 | 84,234 | |
| Lease liabilities | \$114,389 | \$128,303 | |

Please refer to Note 6. (26)(d) for the interest on lease liabilities recognized during the years ended December 31, 2021 and refer to Note 12. (5) Liquidity Risk Management for the maturity analysis for lease liabilities As of December 31, 2021.

2. Amounts recognized in the statement of profit or loss

Depreciation charge for right-of-use assets

| | For the year ended December 31, | | |
|-----------------|---------------------------------|-----------|--|
| | 2021 | 2020 | |
| Land | \$121,247 | \$98,755 | |
| Buildings | 15,760 | 7,356 | |
| Other equipment | 9,451 | 10,508 | |
| Total | \$146,458 | \$116,619 | |

3. Income and costs relating to leasing activities

| | For the year ended December 31, | | |
|--|---------------------------------|----------|--|
| | 2021 | 2020 | |
| The expenses relating to short-term leases | \$6,519 | \$10,713 | |
| The expenses relating to leases of low-value assets (Not | 5,103 | 5,619 | |
| including the expenses relating to short-term leases of | | | |
| low-value assets) | | | |

4. Cash outflow relating to leasing activities

During the year ended December 31, 2021 and 2020, the Group's total cash outflows for leases amounting to NT\$150,093 thousand and NT\$59,904 thousand, respectively.

(25)<u>Summary statement of employee benefits</u>, depreciation and amortization expenses by <u>function</u>:

| | For the year ended December 31, | | | | | |
|----------------------------|---------------------------------|-------------|-------------|-------------|-------------|-------------|
| | | 2021 | | | 2020 | |
| | Operating | Operating | | Operating | Operating | |
| | costs | expenses | Total | costs | expenses | Total |
| Employee benefits expense | | | | | | |
| Salaries | \$5,086,067 | \$1,590,692 | \$6,676,759 | \$4,389,695 | \$1,077,904 | \$5,467,599 |
| Labor and health insurance | 373,404 | 63,923 | 437,327 | 340,457 | 48,508 | 388,965 |
| Pension | 275,086 | 95,732 | 370,818 | 131,754 | 52,035 | 193,789 |
| Other employee benefits | 143,496 | 37,251 | 180,747 | 145,164 | 36,167 | 181,331 |
| expense | | | | | | |
| Depreciation(Note) | 4,533,353 | 389,162 | 4,922,515 | 4,526,436 | 326,149 | 4,852,585 |
| Amortization(Note) | 169 | 3,454 | 3,623 | 789 | 4,544 | 5,333 |

Note: The differences between the amount stated above and the depreciation stated in the Consolidated Statements of Cash Flows was recognized in other gains and losses and discontented operations.

According to the Company's Articles of Incorporation, when there is profit of the current year, the Company shall distribute 1.5% of profit of the current year as employees' compensation and no higher than 1.5% of profit of the current year as remuneration to directors. However, the Company's accumulated losses shall have been covered. Information on the Board of Directors' resolution regarding the employees' compensation and remuneration to directors can be obtained from the "Market Observation Post System" on the website of the TWSE.

Based on the profit for the current year, the Company shall estimate 1.5% of profit for employees' compensation and directors' remuneration. As such, employees' compensation and remuneration to directors for the year ended December 31, 2021 and 2020 amounted to NT\$178,628 and NT\$39,106 thousand, recognized as salaries expense; a resolution was approved at the board meeting held on March 7, 2022 to distribute employees' compensation and remuneration to directors for the year ended December 31, 2021 amounted to NT\$178,628 which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021 was \$39,106 thousand, which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021 was \$39,106 thousand, which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021 was \$39,106 thousand, which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021 was \$39,106 thousand, which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021 was \$39,106 thousand, which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021 was \$39,106 thousand, which did not differ from the amount recorded as expenses in the financial statements for the year ended December 31, 2021.

(26) Non-operating income and expenses

A. Interest income

| | As of December 31, | | |
|---|--------------------|----------|--|
| | 2021 | 2020 | |
| Bank deposit interest | \$63,157 | \$46,494 | |
| Financial assets measured at amortized cost | 1,772 | | |
| | \$64,929 | \$46,494 | |

B. Other income

| | As of December 31, | | |
|-----------------|--------------------|-----------|--|
| | 2021 | 2020 | |
| Rental income | \$99,840 | \$106,652 | |
| Dividend income | 12,908 | 13,998 | |
| Others | 619,894 | 649,886 | |
| Total | \$732,642 | \$770,536 | |

C. Other gains and losses

| | As of December 31, | | |
|---|--------------------|-----------|--|
| | 2021 | 2020 | |
| Gain on financial assets at fair value through profit | \$125,143 | \$46,578 | |
| Impairment reversal benefit | 14,208 | - | |
| Foreign exchange gain | 55,483 | 341,602 | |
| Gain on disposal of investment(Note1) | 1,279,159 | 697,970 | |
| Miscellaneous disbursement | (506,119) | (377,897) | |
| Impairment(Note2) | | (262,394) | |
| Total | \$967,874 | \$445,859 | |

Note1 : The Group recognized gain from disposal of related party investment. Please refer Note 6. (30).

Note2 : The Group wrote off part of machinery equipment to recoverable amount in 2020. Please refer to Note 6. (11).

D. Finance costs

| | As of December 31, | | |
|--|--------------------|-----------|--|
| | 2021 | 2020 | |
| Interest on borrowings from bank | \$486,191 | \$628,562 | |
| Interest on borrowings from intercompany | 6,228 | 40,662 | |
| Interest on lease liabilities | 1,766 | 1,507 | |
| Interest on factoring of accounts receivable | 2,904 | 3,064 | |
| Total | \$497,089 | \$673,795 | |
| | | (· ·) | |

Income tax relating

(28)<u>Income tax</u>

The major components of income tax expense (benefit) are as follows:

Income tax expense recognized in profit or loss

| | As of December 31, | | |
|---|--------------------|-----------|--|
| | 2021 | 2020 | |
| Current income tax expense: | | | |
| Current income tax charge | \$1,640,592 | \$457,288 | |
| Adjustments in respect of current income tax of prior periods | 56,509 | 41,433 | |
| Deferred tax expense (benefit): | | | |
| Deferred tax expense (benefit) relating to origination | 2,754 | 30,015 | |
| and reversal of temporary differences | | | |
| Total income tax expense | \$1,699,855 | \$528,736 | |

Income tax relating to components of other comprehensive income

| | As of December 31, | | |
|--|--------------------|----------|--|
| | 2021 | 2020 | |
| Deferred tax expense: | | | |
| Remeasurement of defined benefit plans | \$71,258 | \$62,345 | |

Reconciliation between tax expense and the product of accounting profit multiplied by applicable tax rates is as follows:

| | As of December 31, | |
|---|--------------------|-------------|
| | 2021 | 2020 |
| Accounting profit before tax from continuing operations | \$13,743,369 | \$3,125,778 |
| Tax at the domestic rates applicable to profits in the country concerned | \$4,349,963 | \$2,011,471 |
| Net investment income accounted for using the equity method | (2,363,298) | (647,978) |
| Tax effect of revenues exempt from taxation | (4,409) | (933,147) |
| Tax effect of expenses not deductible for tax purposes | 75,323 | 9,711 |
| Tax effect of income tax deduction | (124,178) | (139,109) |
| Tax on undistributed earnings | 33,545 | - |
| Non-deductible offshore tax | 4,308 | 1,999 |
| Tax effect of other deferred tax assets/liabilities | (463,822) | 242,244 |
| Adjustments in respect of current income tax of prior periods | 56,509 | (60,292) |
| Deferred tax expense (income) relating to changes in tax rate or the imposition of new taxes | 135,914 | 43,837 |
| Total income tax expense recognized in profit or loss | \$1,699,855 | \$528,736 |

Deferred tax assets (liabilities) relate to the following:

Unrecognized deferred tax assets

As of December 31, 2021 and 2020, deferred tax assets that have not been recognized as they may not be used to offset taxable profits amounted to NT\$1,811,445 thousand and NT\$2,361,440 thousand, respectively.

Unrecognized deferred tax liabilities relating to the investment in subsidiaries

The Group did not recognize any deferred tax liability for taxes that would be payable on the unremitted earnings of the Group's overseas subsidiaries, as the Group has determined that undistributed profits of its subsidiaries will not be distributed in the foreseeable future. As of December 31, 2021 and 2020, the taxable temporary differences associated with investment in subsidiaries, for which deferred tax liability has not been recognized, aggregated to NT\$17,176,372 thousand and NT\$5,501,042 thousand, respectively.

The assessment of income tax returns

As of December 31, 2021, the assessment of the income tax returns of the Company and its subsidiaries is as follows:

| | The assessment of income tax returns |
|--------------------------------|--------------------------------------|
| The Company | Assessed and approved up to 2019 |
| TAG | Assessed and approved up to 2019 |
| TVIG | Assessed and approved up to 2019 |
| TGCH | Not required |
| TAGH | Not required |
| Subsidiaries in Mainland China | Assessed and approved up to 2020 |

(28) Earnings per share

Basic earnings per share amounts are calculated by dividing net (loss) profit for the year attributable to ordinary equity holders of the parent entity by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net (loss) profit attributable to ordinary equity holders of the parent entity (after adjusting for interest on the convertible preference shares) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

| | For the years ended December 31, | |
|--|----------------------------------|-------------|
| | 2021 | 2020 |
| Basic earnings per share | | |
| Profit attributable to ordinary equity holders of the | | |
| Company (in thousands): | | |
| Gain from continuing operations | \$11,341,423 | \$2,564,033 |
| Gain(loss) from discontinued operations | 135,255 | (95,512) |
| Profit | \$11,476,678 | \$2,468,521 |
| Weighted average number of ordinary shares outstanding for | | |
| basic earnings per share (in thousands) | 2,908,061 | 2,908,061 |
| Basic earnings per share from continuing operations | \$3.90 | \$0.88 |

There have been no other transactions involving ordinary shares or potential ordinary shares between the reporting date and the date of completion of the financial statements.

(30) Changes in parent's interest in subsidiaries

Losing control of a subsidiary

(A) The Company disposed of 100% of the shares of TG Fengyang Holding Co., Ltd. on October 15, 2021, and indirectly transferred TG Fengyang Silica Sand Co., Ltd., thereby losing control over the company for a disposition price of RMB 344,700 thousand (NT\$1,465,098 thousand).

Details on book value of assets and liabilities of TG Fengyang Holding Co., Ltd. (TGFH) and TG Fengyang Silica Sand Co., Ltd. (FYSS) which was the subsidiary of TGFH as of October 15, 2021 are as follows:

| | Book value |
|---|-------------|
| Cash and cash equivalents | \$37,766 |
| Current financial assets at fair value through | 43,534 |
| Account receivables | 870 |
| Inventories | 2,466 |
| Prepaid expenses | 388 |
| Other current financial assets | 11,541 |
| Property, plant and equipment | 53,843 |
| Right-of-use assets | 40,939 |
| Other intangible assets | 1,035,817 |
| Contract liabilities | (1,035,905) |
| Account payables | (17,152) |
| Other non-current assets | (5,168) |
| Net identifiable net assets | \$168,939 |
| | |
| Selling price | \$1,465,098 |
| Less: Identifiable net assets | (168,939) |
| Less: Cost of sale | (1,651) |
| Reclassified to profit or(loss) – Effects of exchange rate change | (15,349) |
| Gain (loss) on disposal | \$1,279,159 |

(B) As of September 9, 2020, the Group disposed of 100% shares of TG Zhangzhou silica Co., Ltd. (ZZSS) and lost control of ZZSS. The transaction price was CNY\$135,000 thousand. (equivalent to NT578,166 thousand.)

Details on book value of assets and liabilities of TG Zhangzhou Silica Sand Co., Ltd. (ZZSS) as of September 9, 2020 are as follows:

| | Book value |
|-------------------------------------|------------|
| Cash and cash equivalents | \$44,464 |
| Account receivables | 66,371 |
| Inventories | 5,617 |
| Prepaid expenses | 2,709 |
| Other current financial assets | 9,993 |
| Property, plant and equipment | 244,784 |
| Right-of-use assets | 69,432 |
| Other intangible assets | 6,552 |
| Other non-current assets | 7,698 |
| Contract liabilities | (3,824) |
| Account payables | (16,809) |
| Current tax liabilities | (6,220) |
| Net identifiable net assets | \$430,768 |
| Selling price | \$578,166 |
| Less: Identifiable net assets | (430,768) |
| Less: Cost of sale | (6,105) |
| Exchange differences on translation | 8,103 |
| Gain (loss) on disposal | \$149,396 |

(C) As of October 23, 2020, the Group disposed of 63.38% shares of Yinan silica Sand Co.,Ltd.(YNSS) and lost control of YNSS. The transaction price was CNY\$148,000 thousand. (equivalent to NT\$640,702 thousand) Details on book value of assets and liabilities of Yinan silica Sand Co.,Ltd.(YNSS) as of October 23, 2020 are as follows:

| | Book value |
|---|------------|
| Cash and cash equivalents | \$14,151 |
| Receivables | 557 |
| Inventories | 5,285 |
| Prepayments | 6,565 |
| Other current financial assets | 29,050 |
| Property, plant and equipment | 43,742 |
| Right-of-use assets | 17,414 |
| Other intangible assets | 5,031 |
| Other non-current assets | 21,656 |
| Payables | (15,057) |
| Other non-current liabilities | (643) |
| Identifiable net assets | \$127,751 |
| Selling price | \$640,702 |
| Less: Identifiable net assets | (127,751) |
| Non-controlling interest | 46,782 |
| Less: cost of sale | (321) |
| Reclassified to profit or(loss) – Effects of exchange rate change | (10,838) |
| Selling price | \$548,574 |

(31) Subsidiaries that have material non-controlling interests

Financial information of subsidiaries that have material non-controlling interests is provided below:

Proportion of equity interest held by non-controlling interests:

| | Country of Incorporation | As of December 31, | |
|----------------------------------|---------------------------------|--------------------|-------------|
| Name | and operation | 2021 | 2020 |
| TGCH and subsidiaries | Bermuda | 6.02% | 6.02% |
| | _ | As of Decer | nber 31, |
| | | 2021 | 2020 |
| Accumulated balances of mat | erial non-controlling interest: | | |
| TGCH and subsidiaries | | \$3,706,034 | \$2,968,987 |

- (11) The payment term to related parties has no significant difference to other third parties. The outstanding balance at December 31, 2021 and 2020 was unsecured, non-interest bearing and must be settled in cash. The receivables from and the payables to the related parties were not guaranteed.
- (12) The Group purchased property, plant and equipment from other related parties in amount of NT\$5,860 thousand for the years ended December 31, 2021; The Group purchased intangible assets and property, plant and equipment from other related parties in amount of NT\$7,725 thousand for the years ended December 31, 2020.
- (13) The Group purchased right-of-use asset from other related parties in the amount of NT\$2,184 thousand and NT\$48,832 thousand for the year ended December 31, 2021 and 2020, respectively.
- (14) The Group derecognized right-of-use assets and lease liabilities from other related parties and recognized loss on disposal of right-of-use assets was NT\$13 thousand for the year ended December 31, 2021. No such occurrence in 2020.
- (15) As of December 31, 2021 and 2020, other related parties guaranteed for the Company's subsidiaries' bank loans. The balances as at December 31, 2021 and 2020 were RMB\$73,000 thousand and RMB\$75,000 thousand, respectively. Thus, the subsidiaries were entitled to a guaranteed fee of NT\$1,515 thousand and NT\$1,551 thousand for the years ended December 31, 2021 and 2020, respectively, recorded as non-operating expense.
- (16)The Company's endorsement or guarantee for subsidiaries or between subsidiaries are eliminated in the consolidated financial statements for the year ended December 31, 2021 and 2020, respectively. Please refer to Attachment 2.
- (17) Key management personnel compensation

9. Commitments and contingencies

As of December 31, 2021, the contingency and off balance sheet commitments are as follows:

- (1) As of December 31, 2021, the outstanding promissory notes signed for business needs, including importing equipment, purchase of equipment, performance bond, and loan guarantee, totaled NT\$20,410,709 thousand.
- (2) Commodity tax and export tariff were NT\$23,575 thousand.
- (3) Unsecured balance of letters of credit is as follows:

| Currency | Unused Balance (in thousands) |
|----------|-------------------------------|
| JYP | 532,450 |
| USD | 12,197 |
| EUR | 716 |
| RMB | 70 |
| GBP | 2,824 |

(4) Significant contracts of construction in progress and equipment are as follows:

| | Contract | | |
|--|-------------|-------------|---------------|
| Items | amount | Amount paid | Amount unpaid |
| Significant contracts of construction in | | | |
| progress and equipment | \$2,592,387 | \$1,144,272 | \$1,448,115 |

The above amount paid was recognized as construction in progress under property, plant and equipment and prepayment for equipment under other noncurrent assets.

- 5. As of December 31, 2021 the Company issued a letter of support to Shihlin China Holding Co., Ltd. to negotiate a loan of USD\$171,880 thousand from the bank according to the credit contract. The commitments are as follows:
 - A. It shall hold and maintain at least (including) 30% of the issued shares of the borrower with the related parties of the company at any time. The scope and target of the "related party" shall be determined in accordance with the International Financial Reporting Standards (IFRS) that apply to the Company.
 - B. The Company shall ensure that the borrower maintains a good financial standing at all times and has the ability to perform the credit granting and related document obligations in this case; if the borrower is unable to perform the related obligations, the Company will try its best to provide assistance and urge the borrower to perform the obligations in accordance with the agreement.

10. Losses due to major disasters

None.

11. Significant subsequent events

TG Yueda Solar Mirror Co., Ltd., one of the Group's reinvestees, plans to reduce its capital by USD 15,500 thousand. According to the shareholding ratio of Taiwan China Glass Holdings Co., Ltd., which was 75%, Taiwan China Glass Holdings Co., Ltd. can receive share capital return in the amount of USD 11,625 thousand.

12. Others

Financial Instruments

(1) Categories of financial instruments

| Financial assets | As of December 31, | | |
|--|--------------------|--------------|--|

| Payables | 13,578,126 | 10,793,790 | |
| Long-term loans (including current portion) | 18,685,624 | 17,451,596 | |
| Lease liabilities | 114,389 | 128,303 | |
| Deposits-in(including current and non-current) | 236,010 | 221,728 | |
| Total | \$38,234,090 | \$39,069,847 | |

(2) Financial risk management objectives and policies

The Group's principal financial risk management objective is to manage the market risk, credit risk and liquidity risk related to its operating activates. The Group identifies, measures and manages the aforementioned risks based on the Group's policy and risk appetite.

The Group has established appropriate policies, procedures and internal controls for financial risk management. Before entering into significant transactions, due approval process by the Board of Directors must be carried out based on related protocols and internal control procedures. The Group complies with its financial risk management policies at all times.

(3) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices. Market prices comprise currency risk, interest rate risk and equity risk.

In practice, it is rarely the case that a single risk variable changes independently from other risk variables, there are usually interdependencies between risk variables. The sensitivity analysis disclosed below does not take into account the interdependencies between risk variables.

Foreign currency risk

The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense are denominated in a different currency from the Group's functional currency) and the Group's net investments in foreign subsidiaries.

The Group has certain foreign currency receivables to be denominated in the same foreign currency with certain foreign currency payables, therefore natural hedge is received. Hedge accounting is not applied as they did not qualify for hedge accounting criteria. Furthermore, as net investments in foreign subsidiaries are for strategic purposes, they are not hedged by the Group.

The foreign currency sensitivity analysis of the possible change in foreign exchange rates on the Group's profit is performed on significant monetary items denominated in foreign currencies as at the end of the reporting period. The Group's foreign currency risk is mainly related to the volatility in the exchange rates for US dollars and RMB. The information of the sensitivity analysis is as follows:

A. When NTD weakens/strengthens against US dollars by 1%, the profit for the years ended December 31, 2021 and 2020 is decreased/increased by NT\$2,701 thousand and NT\$18,302 thousand, respectively.

B. When RMB strengthens/weakens against US dollars by 1%, the profit for the years ended December 31, 2021 and 2020 is increased/decreased by NT\$6,111 thousand and NT\$27,114 thousand, respectively.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt instrument investments and receivables at variable interest rates, bank borrowings with fixed interest rates and variable interest rates.

The Group manages its interest rate risk by having a balanced portfolio of fixed and variable loans and borrowings.

The interest rate sensitivity analysis is performed on items exposed to interest rate risk as at the end of the reporting period, including investments and borrowings with variable interest rates and interest rate swaps. At the reporting date, a change of 10 basis points of interest rate in a reporting period could cause the profit for the years ended December 31, 2021 and 2020 to decrease/increase by NT\$12,389 thousand and NT\$15,367 thousand, respectively.

Equity price risk

The fair value of the Group's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Group's listed and unlisted equity securities are classified under financial assets measured at fair value through other comprehensive income. The Group manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Group's senior management on a regular basis. The Group's Board of Directors reviews and approves all equity investment decisions.

The amount of the investment in the unlisted equity securities is not significant. Therefore, a change in the overall earnings stream of the valuations performed on the invested company would not have a significant impact on the income nor equity attributable to the Group for the years ended December 31, 2021 and 2020.

At the reporting date, a change of 10% in the price of the listed equity securities measured at fair value through profit or loss could increase/decrease the Group's profit for the years ended December 31, 2021 and 2020 by NT\$37,943 thousand and NT\$20,165 thousand, respectively.

(4) Credit risk management

Credit risk is the risk that a counter party will not meet its obligations under a contract, leading to a financial loss. The Group is exposed to credit risk from operating activities (primarily for accounts receivables and notes receivables) and from its financing activities, including bank deposits and other financial instruments.

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Credit limits are established for all customers based on their financial position, rating from credit rating agencies, historical experience, prevailing economic condition and the Group's internal rating criteria etc. Certain customer's credit risk will also be managed by taking credit enhancing procedures, such as requesting for prepayment or insurance.

As of December 31, 2021 and 2020, accounts receivables from top ten customers represented amounts less than 10% of the total accounts receivables of the Group. The credit concentration risk of accounts receivables is insignificant.

Credit risk from balances with banks, fixed income securities and other financial instruments is managed by the Group's treasury in accordance with the Group's policy. The Group only transacts with counterparties approved by the internal control procedures, which are banks and financial institutions, companies and government entities with good credit ratings and with no significant default risk. Consequently, there is no significant credit risk for these counter parties.

The Group adopted IFRS 9 to assess the expected credit losses. Except for trade receivables, the remaining debt instrument investments which are not measured at fair value through profit or loss, low credit risk for these investments is a prerequisite upon acquisition and makes an assessment at each reporting date as to whether the expected credit losses increase significantly, and then further determines the method of measuring the loss allowance and the loss rates. The details of the assessment for the credit risk of the Group are described as follows:

| | | - | Total carrying amount | |
|-----------------|------------------------------------|---------------------------------|-----------------------|------------|
| Level of credit | | Measurement method for | As of Dece | ember 31, |
| risk | Indicator | expected credit losses | 2021 | 2020 |
| Low credit risk | Counterparty with good credit risk | Lifetime expected credit losses | \$575,414 | \$165,047 |
| Credit-impaired | Other impaired evidence | Lifetime expected credit losses | 1,147,125 | 1,249,164 |
| Simplified | (Note) | Lifetime expected credit losses | 17,249,565 | 16,233,405 |
| approach (Note) | 1 | | | |

Note: By using simplified approach (loss allowance is measured at lifetime expected credit losses), including contract assets, note receivables, accounts receivables and other receivables.

Financial assets are written off when there is no realistic prospect of future recovery (the issuer or the debtor is in financial difficulties or bankruptcy).

(5) Liquidity risk management

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash and cash equivalents, highly liquid equity investments and bank borrowings. The table below summarizes the maturity profile of the Group's financial liabilities based on the contractual undiscounted payments and contractual maturity. The payment amount includes the contractual interest. The undiscounted payment relating to borrowings with variable interest rates is extrapolated based on the estimated interest rate yield curve as at the end of the reporting period.

Non-derivative financial instruments

| | Less than | | | | |
|--------------------------|-------------|--------------|--------------|-----------|-------------|

(7) Fair values of financial instruments

A. The methods and assumptions applied in determining the fair value of financial instruments:

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- a. The carrying amount of cash and cash equivalents, trade receivables, accounts payable and other current liabilities approximate their fair value due to their short maturities.
- b. For financial assets and liabilities traded in an active market with standard terms and conditions, their fair value is determined based on market quotation price (including listed equity securities > beneficiary certification > bonds and futures).
- c. Fair value of equity instruments without market quotations (including private placement of listed equity securities, unquoted public company and private company equity securities) are estimated using the market method valuation techniques based on parameters such as prices based on market transactions of equity instruments of identical or comparable entities and other relevant information (for example, inputs such as discount for lack of marketability, P/E ratio of similar entities and Price-Book ratio of similar entities).

- d. Fair value of debt instruments without market quotations, bank loans, bonds payable and other non-current liabilities are determined based on the counterparty prices or valuation method. The valuation method uses DCF method as a basis, and the assumptions such as the interest rate and discount rate are primarily based on relevant information of similar instrument (such as yield curves published by the GreTai Securities Market, average prices for Fixed Rate Commercial Paper published by Reuters and credit risk, etc.)
- B. Fair value of financial instruments measured at amortized cost

The carrying amount of the Group's financial assets and liabilities measured at amortized cost approximate their fair value.

C. Fair value measurement hierarchy for financial instruments

Please refer to Note 12.(8) for fair value measurement hierarchy for financial instruments of the Group.

- (8) Assets measured at fair value
 - A. Fair value measurement hierarchy

All asset and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole. Level 1, 2 and 3 inputs are described as follows:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization at the end of each reporting period.

B. Fair value measurement hierarchy of the Group's assets and liabilities

The Group does not have assets that are measured at fair value on a non-recurring basis. Fair value measurement hierarchy of the Group's assets and liabilities measured at fair value on a recurring basis is as follows:

| <u>As of December 31, 2021</u> | x 14 | T 10 | | |
|---|---------|-------------|-------------|-------------|
| | Level 1 | Level 2 | Level 3 | Total |
| Financial assets: | | | | |
| Financial assets at fair value through profit or loss | | | | |
| Structured deposit | \$- | \$- | \$7,109,379 | \$7,109,379 |
| Guaranteed financial products Financial assets at fair value through | - | - | - | - - |
| other comprehensive income | | | | |
| Equity securities | 379,433 | - | 52,397 | 431,830 |
| As of December 31, 2020 | | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Financial assets: | | | | |
| Financial assets at fair value through profit or loss | | | | |
| Structured deposit | \$- | \$- | \$1,883,412 | \$1,883,412 |
| Guaranteed financial products | - | - | 43,648 | 43,648 |
| Financial assets at fair value through other comprehensive income | | | 13,010 | 15,010 |
| Equity securities | 201,645 | - | 50,480 | 252,125 |

During the years ended December 31, 2021 and 2020, there were no transfers between Level 1 and Level 2 fair value measurements.

Reconciliation for fair value measurements in Level 3 of the fair value hierarchy is as follows:

| | Ass | Assets | | |
|---|---|---|-------------|--|
| | At fair value through profit or loss | At fair value through other comprehensive income | | |
| | Structured deposit and Guaranteed financial product | Stocks | Total | |
| Beginning balances as of January 1, 2020 | \$608,823 | \$46,697 | \$655,520 | |
| Total gains and losses recognized for the year ended December 31, 2020: | | | | |
| Amount recognized in profit or loss | 48,103 | - | 48,103 | |
| Amount recognized in OCI | - | 3,783 | 3,783 | |
| Acquisition for the year ended December 31, 2020 | 8,569,707 | - | 8,569,707 | |
| Disposals | (7,333,732) | - | (7,333,732) | |
| Exchange effect | 34,159 | - | 34,159 | |
| Ending balances as of December 31, 2020 | 1,927,060 | 50,480 | 1,977,540 | |
| Total gains and losses recognized for the year ended December 31, 2021: | | | | |
| Amount recognized in profit or loss | 130,001 | - | 130,001 | |
| Amount recognized in OCI | - | 1,917 | 1,917 | |
| Acquisition for the year ended December 31, 2021 | 14,831,724 | - | 14,831,724 | |
| Disposals | (9,726,770) | - | (9,726,770) | |
| Exchange effect | (9,102) | - | (9,102) | |
| Reclassify | (43,534) | • | (43,534) | |
| Ending balances as of December 31, 2021 | \$7,109,379 | \$52,397 | \$7,161,776 | |

Total gains and losses recognized for the years ended December 31, 2021 and 2020 contained gains and losses related to securities and derivatives on hand as of December 31, 2021 and 2020 in the amount of NT\$130,001 thousand and NT\$48,103 thousand, respectively.

Information on significant unobservable inputs to valuation

Description of significant unobservable inputs to valuation of recurring fair value measurements categorized within Level 3 of the fair value hierarchy is as follows:

As of December 31, 2021

| | | | | Relationship | |
|--|-----------------|------------------------------------|----------------|--------------------|---|
| | Valuation | Significant | Quantitative | between inputs and | Sensitivity of the input to |
| | techniques | unobservable inputs | information | fair value | fair value |
| Financial assets: | | | | | |
| At fair value through profit or loss | | | | | |
| Structured deposit and Guaranteed financial product | Market approach | Financial product pricing | Not applicable | No need to apply | Because it is mainly a currency transaction, its value is equal to its fair value. |
| Financial assets at fair value through other comprehensive income | | | | | |
| Stocks | Market approach | Discount for lack of marketability | - | marketability, the | 1% increase (decrease) in the discount for lack of marketability would result in (decrease) increase in the Group's equity by NT\$524 thousand |

As of December 31, 2020

| | Valuation techniques | Significant unobservable inputs | Quantitative information | Relationship between inputs and fair value | Sensitivity of the input to fair value |
|---|-------------------------|------------------------------------|--------------------------|--|---|
| Financial assets: At fair value through profit or loss Structured deposit and Guaranteed financial product | Market approach | Financial product pricing | Not applicable | No need to apply | Because it is mainly a currency transaction, its value is equal to its fair value. |
| Financial assets at fair value through other comprehensive income | | | | | |
| Stocks | Market approach | Discount for lack of marketability | - | marketability, the | 1% increase (decrease) in the discount for lack of marketability would result in (decrease) increase in the Group's equity by NT\$505 |

thousand

Valuation process used for fair value measurements categorized within Level 3 of the fair value hierarchy

The Group is responsible for validating the fair value measurements and ensuring that the results of the valuation are in line with market conditions, based on independent and reliable inputs which are consistent with other information, and represent exercisable prices. The Department analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Group's accounting policies at each reporting date.

C. Fair value measurement hierarchy of the Group's assets and liabilities not measured at fair value but for which the fair value is disclosed

As of December 31, 2021

| | Level 1 | Level 2 | Level 3 | Total |
|--|---------|---------|-----------|-----------|
| Financial assets not measured at fair value but for which the fair value is disclosed: | | | | |
| Investment property (please refer to Note 6.(13)) | \$- | \$- | \$106,230 | \$106,230 |
| <u>As of December 31, 2020</u> | | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Financial assets not measured at fair value but for which the fair value is disclosed: | | | | |
| Investment property (please refer to Note 6.(13)) | \$- | \$- | \$168,939 | \$168,939 |

(9) Significant assets and liabilities denominated in foreign currencies

Information regarding the significant assets and liabilities denominated in foreign currencies is listed below:

| | | | | | (1 | in thousands) | |
|------------------|--------------------|----------|-------------|------------|----------|---------------|--|
| | As of December 31, | | | | | | |
| | | 2021 | | | 2020 | | |
| | | Foreign | | | Foreign | | |
| | Foreign | exchange | | Foreign | exchange | | |

| Non-Monetary items: USD | 197,615 | 27.68 | 5,469,989 | 161,647 | 28.48 | 4,603,702 | |
| RMB | 2,949 | 4.3415 | 12,802 | 2,919 | 4.3648 | 12,740 | |
| Financial liabilities Monetary items: | 1 4 2 9 5 7 | 77 69 | 2 054 275 | 241 805 | 29.49 | (990 172 | |
| USD | 142,857 | 27.68 | 3,954,275 | 241,895 | 28.48 | 6,889,172 | |
| RMB | 3,019,648 | 4.3415 | 13,109,755 | 2,849,573 | 4.3648 | 12,437,869 | |

The above information is disclosed based on the carrying amount of foreign currency (after conversion to functional currency).

Since there were various functional currencies used within the subsidiaries of the Group, the Group was unable to disclose foreign exchange gains (losses) towards each foreign currency with significant impact. The realized and unrealized foreign exchange gains was NT\$55,483 thousand and NT\$341,602 thousand for the years ended December 31, 2021 and 2020, respectively.

(10) Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize stockholder value. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust dividend payment to stockholders, return capital to stockholders or issue new shares.

(11) Information of financial asset transferred

Transferred financial assets that are partially-derecognized in their entirety

The Group entered into a factoring agreement with a financial institution, which is partly with recourse and partly non-recourse. The Group has transferred the right on those non-recourse factoring, and in accordance with the contract, the Group shall not be liable for the credit risks associated with uncollectable receivables (except for commercial disputes), which met the requirements for derecognizing financial assets. The related information is as follows:

As of December 31, 2021

| | Amount | | Advanced | Interest rate | |
|------------|-------------|-----------|-----------|---------------|-----------|
| Transferee | transferred | Amount | amount | range | Credit |
| O-Bank | \$343,647 | \$309,282 | \$311,384 | 1% | \$525,000 |

As of December 31, 2020

| | Amount | | Advanced | Interest rate | |
|------------|-------------|-----------|-----------|---------------|-----------|
| Transferee | transferred | Amount | amount | range | Credit |
| O-Bank | \$279,627 | \$251,665 | \$252,734 | 1% | \$525,000 |

13. Other disclosure

(1) Information at significant transactions

- A. Lending fund to others: Please refer to Attachment 1.
- B. Endorsement/guarantee provided to others: Please refer to Attachment 2.
- C. Securities held at the end of the period: Please refer to Attachment 3.
- D. Individual securities acquired or disposed of with accumulated amount exceeding NT\$300 million or 20 percent of the capital stock or more: Please refer to Attachment 4.
- E. Acquisition of real estate with amount exceeding NT\$300 million or 20 percent of the capital stock or more: None.
- F. Disposal of real estate with amount exceeding NT\$300 million or 20 percent of the capital stock or more: None.
- G. Related party transactions for purchases and sales amounts exceeding NT\$100 million or 20 percent of the capital stock or more: Please refer to Attachment 5.
- H. Receivables from related parties with amounts exceeding NT\$100 million or 20 percent of capital stock or more: Please refer to Attachment 6.
- I. Financial instruments and derivative transactions: None.
- J. Business relationship between the parent and the subsidiaries and between each subsidiary, and the circumstances and accounts of any significant transactions between them: Please refer to Attachment 7.
- (2) Information on investees

Information of the investees in which the Company directly or indirectly has significant influence or control: Please refer to Attachment 8.

- (3) Information on investments in Mainland China
 - A. Investee's name, main businesses and products, total amount of capital, method of investment, accumulated inflow and outflow of investments from Taiwan, percentage of ownership, investment income or loss, carrying value of the investments, inward remittance of earnings and limits on investments in Mainland China: Please refer to Attachment 9.
 - B. Directly or indirectly significant transactions through other regions with the investees in Mainland China, including price, payment terms, unrealized gain or loss, and other events with significant effects on the operating results and financial condition are disclosed as follows:
 - a. Accumulated amount and percentage of purchase and related payables at the end of the period: None. *

- b. Accumulated amount and percentage of sales and related receivables at the end of the period: None. *
- c. Amount of property transaction and related gain or loss: None. *
- d. Endorsement/guarantee provided to others at the end of the period: None. *
- e. Financing provided to others at the end of the period: None. *
- f. Other significant transactions, such as service provided or received: None. *
 - * The transactions have been eliminated in the consolidation financial statements.

(4) Information of main stockholders

| Shares | Common Shares | Preferred Shares | Total Shares Owned | Percentage of Ownership (%) |
|--------------------------------|------------------|---------------------|-----------------------|-----------------------------------|
| Tai Fong Investment Co.,Ltd | 420,137,922 | - | 420,137,922 | 14.45% |

| Tai Chia Investment Co., Ltd. | 157,795,282 | - | 157,795,282 | 5.43% |

14. Segment information

(1) General Information

For management purposes, the Group is organized into business units based on their products and services and has three reportable operating segments as follows:

- A. Flat Glass Segment: Manufacturing and selling of flat glasses.
- B. Glass Container Segment: Manufacturing and selling of glass containers.
- C. Glass Fiber Segment: Manufacturing and selling of glass fibers.

No operating segments have been aggregated to form the above reportable operating segments.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured based on accounting policies consistent with those in the consolidated financial statements. However income taxes are managed on a group basis and are not allocated to operating segments.

Transfer prices between operating segment are on an arm's length basis in a manner similar to transactions with third parties.

(2) <u>Reportable segment information</u>

| | | Glass | | | Other Operating Segments | Adjustment and | |

The Company is coded "0".
 Subsidiaries are coded consecutively starting from "1" in the order presented in the table above.

Note 2: Transactions are categorized as follows:

1. Parent company to subsidiary

2. Subsidiary to parent company

3. Subsidiary to subsidiary

Note 3: The percentage is determined by the ratio of the transaction amount to the consolidated revenues or the total assets. Items on the balance sheet are calculated by the ending balance to total consolidated assets; items on the income statement are calculated by their cumulative balance to the total consolidated income.

Note 4: The disclosure of significant intercompany transactions in this attachment is determined by the company based on the materiality.

the extent of the holding company. Note 2: Fill in information following the instruction below for matters not applied in Note 1 indicated above:

(1) The columns of "Name of investee", "Area Within", "Nature of Business", "Initial Investment" and "Investment as of December 31, 2020" should fill in information of the reinvestment of the listed company, reinvestment of every direct or indirect reinvestment of the investee, and disclose the relationship of the investees with the Company in the Remark column.

(Such as subsidiary or sub-subsidiary)

(2) The column of "Profit or Loss of Investee" should fill in the current profit or loss of the investees.

(3) The column of "Gain or Loss on Investment" only require profit / loss of the direct investees and all investees accounted for under the equity method

When filling in the above items, make sure the profit / loss of direct investee subsidiaries include the profit or loss of their reinvestments that are required to be recognized.

Note 3: According to regulations, the amount of investment income (loss) recognized by the Company can be exempted from disclosure.

Note 4: Due to the restructuring of the Group's investment structure, TG Fengyang Silica Sand Co., Ltd. is directly invested by TG Fengyang Holding Co., Ltd. As at June 1, 2021. The Group lost control of TG Fengyang Silica Sand Co., Ltd. Accordingly, Taiwan Glass China Holding Ltd. disposed of the equity interest in TG Fengyang Holding Co., Ltd. as at October 15, 2021.

Note 5: The capital reduction in 2021 made up for the loss. Note 6: All transactions listed above are eliminated in the consolidated financial statements except for SCH and its investments in mainland China.
